**GOOD LUCK GARDENS
PARADISE, PA.**

WANT FREE SEEDS?

Read This Generous Offer!

Every time you order 3 packets of "Good Luck" Seeds **YOU GET ONE PACKET FREE.** For instance if you order 1 packet of Dahlia, No. 2030, 1 packet of Zinnias, No. 2012 and 1 packet of Shoo-Fly Plant, No. 2075 **You Will Be Entitled to Choose A FOURTH PACKET (From This Catalog) FREE.** If you order 6 packets you are entitled to choose **ANY 2 Packets FREE.** Should you order 9 packets you will get **ANY 3 Packets FREE.** Regardless of the quantity ordered **EVERY FOURTH PACKET IS FREE.** This is the Good Luck Gardens' way of showing appreciation for your valued business.

HOW TO ORDER. Use enclosed envelope and order sheet. If the order sheet is mislaid any piece of paper you have handy will do. Be sure to sign your Full Name, Post Office, State, Rural Route, Box or Street Number. On our order sheet you will find every fourth line ready for you to write in your **FREE** packet—should you order on a plain sheet of paper follow this same plan.

REMEMBER: "Every Fourth Packet is Free"

HOW TO SEND MONEY. Post Office Money Order, Bank Draft, Express Order, U. S. Postage Stamps, Currency or Coin. For your protection, Register your letter if you send Stamps, Currency or Coin. We pay all postage on seeds mailed to you.

"Good Luck Seeds Are Guaranteed to Satisfy" if properly planted. They are sparkling with vitality and are eager to grow into beautiful flowers, interesting plants and useful vegetables.

GOOD LUCK GARDENS, PARADISE, PA.

GOOD LUCK GARDENS PARADISE, PA.

Dear Fellow Gardener:

The joyous planting season with its promise of bountiful crops to come is but a few short weeks away. The Good Earth is waiting for the touch of the plow or the turning over with the spade; it is anticipating the loving care of the true gardener, and is preparing to reward him with beauty, with happy hours and with a prideful enjoyment of the floral and vegetable lives which wax and expand for him alone.

With renewed hope, America is going forward. The sparkling sunshine of returning "good times" is just beginning to peep through the clouds of the depression, as this greeting is written. Perhaps by the time this message reaches our many friends, the dark days will seem as passed dreams.

But if not, you will find in your garden surcease from troubles, from care and from worry. The true gardener always gets returns from his thought and labor—realizing that neither is ever wasted—that in God's good time harvest follows planting—that Nature rewards planned work—ALWAYS; that the Season's progression is a sure sign that good times will follow bad.

The gardener, too, gives thanks to the ceaseless experiments which make possible the perfecting of the old varieties of flowers and vegetables, and the creation of many new ones. There is much pleasure and satisfaction in producing what one's neighbor does not; in gaining effects which others cannot match. Make YOUR garden, this year, notable for novelties and surprises which add so much to the joy of having a garden.

Here at the Good Luck Gardens, we are well prepared to meet your requirements in this way. Our newest catalogue here submitted contains many unusual and "different" offerings destined to make your garden one of riotous beauty and marked individuality. We especially call to your attention these new floral and vegetable developments:

"Guinea Gold" Marigold, 100% double, page 5.
New Double "Rose Marie" Moonflower, early blooming, page 6.
Annual Canterbury Bells, blooms from seeds in six months, page 9.
Completely New Giant Annual Lupines, easily grown seed, page 10.
Petunia, "Pink Gem", Gold Medal Winner, new race of charming miniatures, page 16.
"California Giant Sunshine" Aster, a superb beauty, page 15.
Capetown Beauty (Venidium Fastuosum), magnificent new flower, page 17.
"Vigor-vine"; New Climbing Tomato, yields enormous crops, page 49.
Paradise "Sugar Rock" Muskmelon, sweet as sugar, page 55.
"Lucky Heart" Tomato, solid, heavy, mild, large heart-shaped fruits, page 56.
"Penn State Ballhead" Cabbage, Award of Merit Winner, page 57.
"Glowing Ball" Radish, Gold Medal Winner 1934, "All-American" selection, page 57.
"Imperator" Carrot, flesh rich orange color, fine-grained and tender, page 57.

Our Catalog is modest in size and unassuming as to color. We, here at Paradise, believe in putting the color and quality into the SEEDS rather than into the PRINTING. But every offering is honestly described, and guaranteed to give you satisfaction. We are glad to fill your orders, large or small.

Cordially Yours,

P.S.—Your particular attention, please, to the Favorite Flower Contest on second-to-last cover page. Which flower will you choose and how will you "write it up?" EAF

Good Luck Gardens

Double Carnation Flowered "Guinea Gold" MARIGOLD

**All-American Gold
Medal Winner**

Here is an old garden favorite improved to such an extent that you would hardly recognize it. Even the characteristic marigold scent is less pungent in this distinctively different introduction. **"Guinea Gold" is 100 percent double, or Carnation Flowered.** The graceful plants grow 30 to 40 inches tall and bear 35 to 50 beautiful blooms of the most intense orange-gold, measuring fully 2 to 2½ inches across. Flowers continuously summer and fall. Make certain to have this Gold Medal Winner in your garden this year. Plant early.

No. 2146, Pkt. 15c.

529 Devitt Ave., Campbell, Ohio.
Oct. 1, 1932.

Dear Sir:—I am writing a few lines which may mean a lot to you. When I bought an order of seeds from you last spring I was

very much satisfied with the way they grew. Very few seeds did not come up. And I did not use much fertilizer. And I had a very good crop outside the dry season we had. I hope to get more seeds next spring. Jos. J. Rish.

Lilliput or Pompon ZINNIAS

The Handsome, Free Blooming Baby Type

There is no more satisfactory, all around flower than the Zinnia, and here is a dainty little variety that will delight you. **The beautiful little bushes fairly bristle with double baby flowers**, hardly larger than a daisy. A planting of these will give you a profusion of flowers all summer long.

No. 2149, Pkt. 10c.

Large Flowering PORTULACA

ROSE MOSS or SUN PLANT

There is no better plant to recommend for poor soil or rocky, sandy places than Portulaca. *The cup-shaped flowers are composed of 5 petals that vary from white through the yellows and crimsons to deep red.* Will stand dry weather and when everything seems to be burning up these little fellows will keep on gaily blooming with thousands of bright cheerful flowers. Ideal for rock gardens.

Double Mixture. No. 2147, Pkt. 10c.

Single Mixture. No. 2148, Pkt. 10c.

GOOD LUCK SEEDS ARE GUARANTEED TO GROW. If any packet does not give you the results you expect we will refund the full purchase price or give you other seeds in replacement. Good Luck Seeds are good seeds, tested, full of life, eager to grow, and if planted and cared for according to directions will reward you with splendid results. Seeds, like people, require individual attention. With every order we will send you our **FREE "Guide for Successfully Growing Good Luck Seeds"**. Sincerely,

*Good Luck Gardens

Medal Winner**

Here is an old garden favorite improved to such an extent that you would hardly recognize it. Even the characteristic marigold scent is less pungent in this distinctively different introduction. **"Guinea Gold" is 100 percent double, or Carnation Flowered.** The graceful plants grow 30 to 40 inches tall and bear 35 to 50 beautiful blooms of the most intense orange-gold, measuring fully 2 to 2½ inches across. Flowers continuously summer and fall. Make certain to have this Gold Medal Winner in your garden this year. Plant early.

No. 2146, Pkt. 15c.

529 Devitt Ave., Campbell, Ohio.
Oct. 1, 1932.

Dear Sir:—I am writing a few lines which may mean a lot to you. When I bought an order of seeds from you last spring I was

very much satisfied with the way they grew. Very few seeds did not come up. And I did not use much fertilizer. And I had a very good crop outside the dry season we had. I hope to get more seeds next spring. Jos. J. Rish.

Lilliput or Pompon ZINNIAS

The Handsome, Free Blooming Baby Type

There is no more satisfactory, all around flower than the Zinnia, and here is a dainty little variety that will delight you. **The beautiful little bushes fairly bristle with double baby flowers**, hardly larger than a daisy. A planting of these will give you a profusion of flowers all summer long.

No. 2149, Pkt. 10c.

Large Flowering PORTULACA

ROSE MOSS or SUN PLANT

There is no better plant to recommend for poor soil or rocky, sandy places than Portulaca. *The cup-shaped flowers are composed of 5 petals that vary from white through the yellows and crimsons to deep red.* Will stand dry weather and when everything seems to be burning up these little fellows will keep on gaily blooming with thousands of bright cheerful flowers. Ideal for rock gardens.

Double Mixture. No. 2147, Pkt. 10c.

Single Mixture. No. 2148, Pkt. 10c.

GOOD LUCK SEEDS ARE GUARANTEED TO GROW. If any packet does not give you the results you expect we will refund the full purchase price or give you other seeds in replacement. Good Luck Seeds are good seeds, tested, full of life, eager to grow, and if planted and cared for according to directions will reward you with splendid results. Seeds, like people, require individual attention. With every order we will send you our **FREE "Guide for Successfully Growing Good Luck Seeds"**. Sincerely,

*Good Luck Gardens
E. Anderson-Trew*

Selected All Color Mixture **Star PHLOX**

An Unusual Flower for You

The fantastically fringed and starred petals of this attractive annual Phlox will give you a distinctively different flower for your garden this year. **This mixture includes a large range of soft, velvety shades.** Pink, rose, and red, either alone or in combination, some with bright eyes and white borders.

No. 2150, Pkt. 15c.

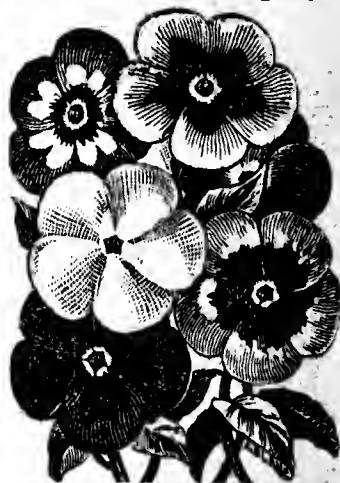

Large Flowering Perfection PHLOX

For Brilliant and Constant Display

The seed may be sown in open ground as soon as the danger of frost is past and in a few weeks the beds will be a mass of color. *A good bed of Large Flowering Phlox is a sight that dazzles the eye with its brilliancy.* For showy beds plant this fine mixture.

Large Flowering. No. 2154, Pkt. 10c.

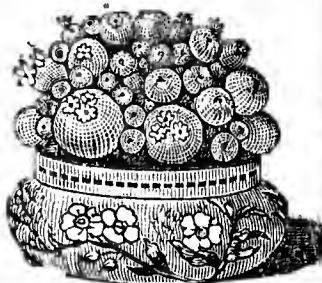

Dwarf Large Flowering. Splendid for borders. No. 2158, Pkt. 10c.

Living Stones

A rare, imported member of the succulent family! This curiosity will cause much comment wherever shown. Supply limited. Order early.

**No. 2157,
Pkt. 25c.**

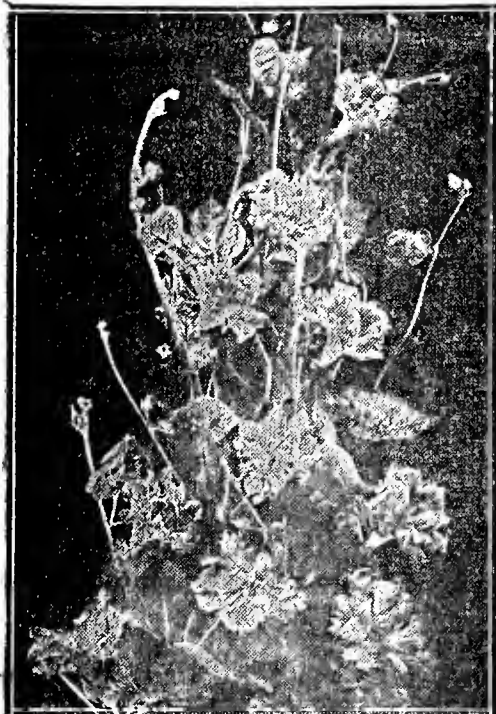

"New!" Rose Marie DOUBLE

Moonflower

Early Blooming, Rose-Pink

Here is the last word in this most popular of annual climbers. The handsome rose-pink double and semi-double flowers of this new variety are strikingly beautiful. The foliage is dense and of remarkable shape. **If you have a trellis, arbor, fence, or old wall you can create a beauty spot with this early blooming climber.** This being a brand new introduction we ask you to order early, the seed is scarce.

GIANT FLOWERED ZINNIAS

Monstrous Flowers—Wonderful Colors

Zinnias are the most gorgeous of the annuals, require no special care and succeed almost anywhere. Fine both for display and cutting, they are the standby of the American gardeners. Their range of color proves a never ending delight.

Dahlia Flowered

The very latest development in Zinnias. This wonderful type is becoming more and more popular. The flowers of immense size are formed like Decorative Dahlias. Will do well in any soil.

CRIMSON MONARCH. Rich crimson flowers often 8 inches in dia.

No. 2211, Pkt. 15 cts.

EXQUISITE. Light rose, deep rose center.

No. 2212, Pkt. 15 cts.

GOLDEN DAWN. Massive flowers of beautiful golden yellow.

No. 2213, Pkt. 15 cts.

PURPLE PRINCE. A deep, rich purple.

No. 2214, Pkt. 15 cts.

ORIOLE. Bicolor of orange & gold, immense size.

No. 2215, Pkt. 15c.

POLAR BEAR. Here is the finest white Zinnia ever produced.

No. 2216, Pkt. 15 cts.

DREAM. A distinct shade of deep lavender. Changes to beautiful purple as flower ages.

No. 2217, Pkt. 15 cts.

DAHLIA FLOWERED "GOOD LUCK"

MIXTURE. Get this well balanced mixture and be assured of a beautiful array of bright colored flowers all summer long.

No. 2012, Pkt. 15 cts.

Double California Giants

A graceful flower with all the robustness of the Dahlia-Flowered Type. The petals are more loosely placed, lending a new grace and beauty from bud to bloom. They average 3 feet in height and the blooms are enormous.

BRIGHTNESS. Bright deep rose pink flowers of excellent form. No. 2218, Pkt. 15 cts.

DAFFODIL. Canary yellow, bright and cheerful. No. 2219, Pkt. 15 cts.

GRENADIER. Very handsome, bright dark red. No. 2220, Pkt. 15 cts.

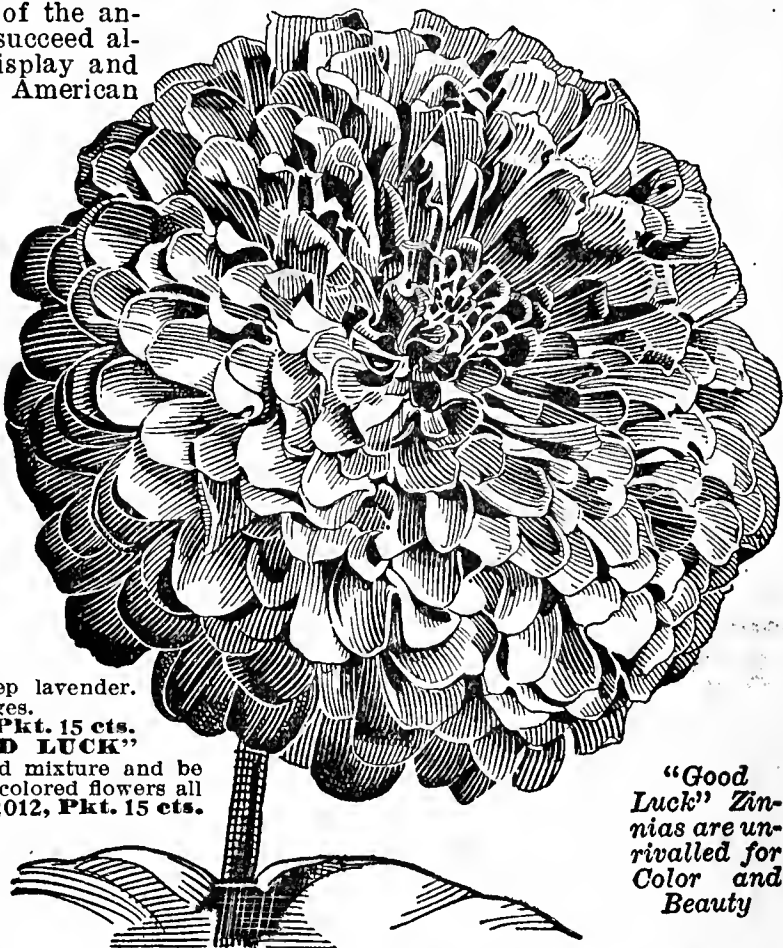

ORANGE KING. A fine shade of burnt orange. No. 2221, Pkt. 15 cts.

PURITY. A clean pure white; giant flowers. No. 2223, Pkt. 15 cts.

VIOLET QUEEN. Pleasing lavender violet. Rich and handsome. No. 2224, Pkt. 15 cts.

CALIFORNIA GIANTS "GOOD LUCK" MIXTURE. All colors in just the right proportions to give you a harmonious display. No. 2225, Pkt. 15 cts.

"Good Luck" Zinnias are unrivalled for Color and Beauty

Giant Zanzibar Palm

MOSQUITO PLANT

Ricinus Zanzibariensis

This is the wonderful plant you have been seeking to beautify your lawn. It often grows 14 ft. high, the enormous leaves measure 4 feet across. It presents a pyramid of tropical-looking foliage which grows big in 4 to 6 weeks. A rare, showy and interesting plant for the lawn

No. 2020,
Pkt. 10 cts.

NOTE:—Some folks plant this Giant at some distance from their porch or house claiming that it draws the mosquitoes away.

Everlasting Flowers

Ideal All Winter Bouquet

Blooms that never fade. This rare flower is a pretty ornament when growing but possesses the unique quality of remaining indefinitely the same as when cut, thus making a most desirable table ornament for winter. Highly decorative in vases or table bowls and lasts for months. We offer a special mixture of an improved strain with larger flowers and many new as well as exquisite shades.

No. 2029, Pkt.
10 cts.

GOOD LUCK GARDENS, PARADISE, PA.

PETUNIA Giant Flowered

This is a special well balanced mixture of light and dark colors, including pink and rose shades, fringed and ruffled, with attractive deep throats, many beautifully veined. Plants start readily from seeds, endure moisture, drought, hot sun, cold and neglect better than any other annual flower. Fine for pots in winter.
Special Mixture No. 2014, Pkt. 15c.

GOURDS

Here is a novelty that is ornamental as well as useful. This interesting vine oft-times makes as much as 20 to 30 feet of growth in a year. The small gourds make excellent toys for the children while the larger ones can be used as sugar scoops, bowls and dippers.

Mixed, all varieties. No 2027, Pkt. 10c.

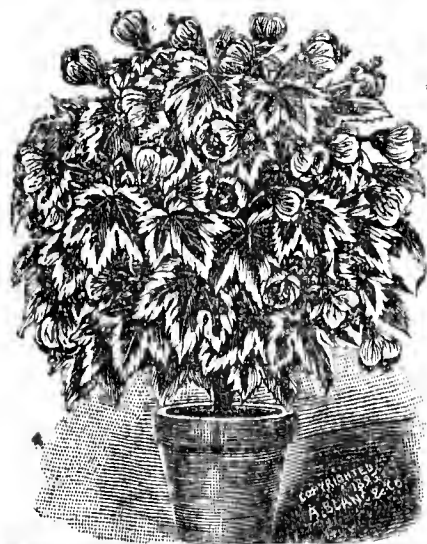

Autumn Ball of Fire

A globe-shaped, compact bush of light green color, growing 2 1/2 feet high, at first resembling close-clipped ornamental evergreens but the feathery, green foliage deepens in color as summer advances, until the whole plant becomes a fiery crimson-red. Bears small, bright red flowers. An annual which can easily be grown from seed.

No. 2022, Pkt. 10c.

Chinese Bellflower Flowering Maple

Except in the extreme Northern States this charming plant can be used outdoors as well as indoors. The lovely ornamental leaves and beautiful bell-shaped flowers make the Flowering Maple a much desired house plant. **The Seedlings Bloom in Six Months.** They can be handled the same as geraniums.

Choice Mixture, No. 2030, Pkt. 20c.

We pay the postage on all seeds, and you have no charges for packing or handling when you order from the Good Luck Gardens.

At Last! New Annual Canterbury Bells

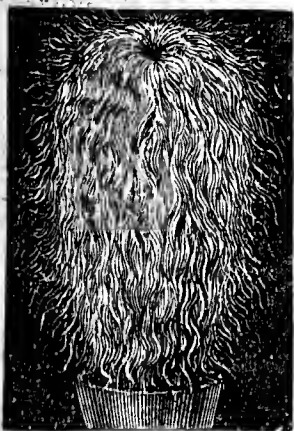

Blooms from Seed in 6 Months

There are few flowers that possess the beauty of old-fashioned "little bells" or Canterbury Bells as they are popularly called. And now **this New Annual Variety no longer makes it necessary to wait two years for flowers.** The beautiful plants grow about two feet high and contain 6 to 8 flower spikes which are literally covered with handsome bell-shaped flowers. This Special Mixture contains dark blue, light blue, pink, rose and white. This is truly one of the outstanding new flower developments of recent years. Don't forget them.

No. 2152, Pkt. 25c.

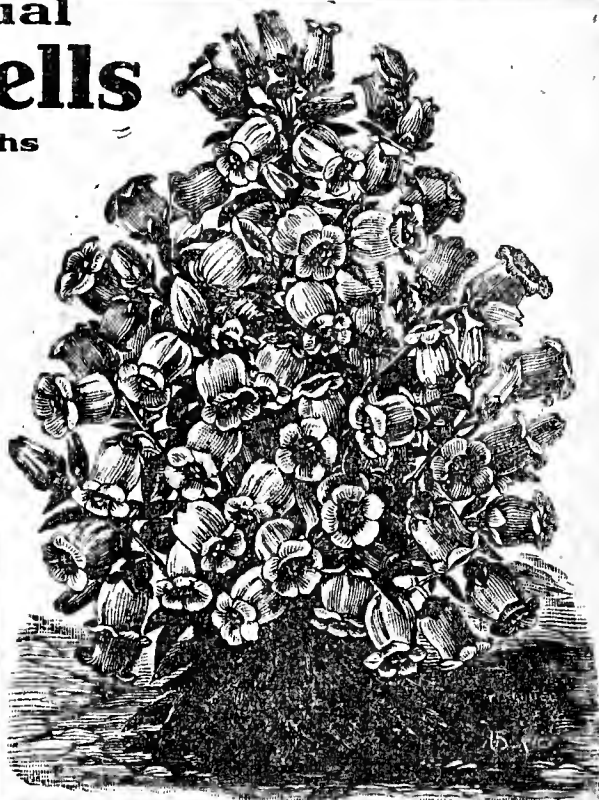

True "Old Man" CACTUS

Curious and Striking

These fantastic plants are covered with long white shaggy hair, springing from the top of the plant. *These hairs grow in locks and oftentimes are even parted to make the human appearance more marked. Even when quite young these waving white hairs make their appearance. Can be grown quite easily from seed.*

No. 2155, Pkt. 20c.

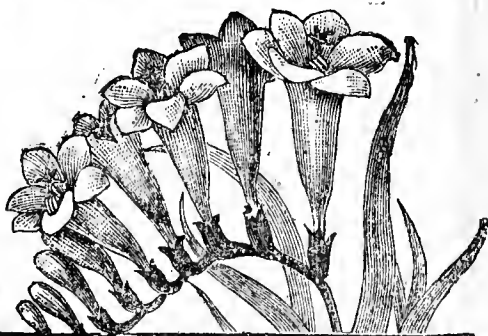

Grow Freesias

**Flowers from Seed
in 6 to 9 Months**

These popular winter flowers can be easily raised from seed and can be successfully grown in a window. *Be sure to try your hand at growing these delightful, pure white favorites.* You will be rewarded with a profusion of charming flowers of delicious fragrance.

No. 2153, Pkt. 15c.

NICOTIANA

Stately, Highly Fragrant Flowers

If you have never grown Sweet Scented Tobacco you are missing one of the most beautiful and fragrant of the annuals. *They grow readily and need little or no attention.* The flowers are a handsome white and open up about sunset and continue open until sunrise. Bloom continuously from midsummer until frost, and will scent your entire garden.

No. 2159, Pkt. 10c.

Gentlemen:—It is my privilege and pleasure to be able to report that all vegetable, melon and flower seeds ordered in spring gave good satisfaction, some thriving a bit better than others. The Yard-Long beans and Hyacinth beans did not all germinate but enough to show me what they are like when matured. The fragrance of the Oriental Perfume Tree is exquisite, one more so than the other, the tall plant. The "Shirley" Foxgloves won't bloom until next year. The complimentary packet of Lucky Wild Flower Garden seeds produced a riot of blooms. A Pleased Customer

Completely New, Improved Annual
Giant LUPINES

(Lupine, Hartwegi Giants)

Here is a real improvement over the old fashioned Lupine. This fastest growing of all annuals should be in every garden. The plants with their handsome glossy foliage grow 3 to 4 feet in height, with 25 or more flowers to each of the 4 to 6 long spikes. Ideal for beds and borders. This mixture includes dark blue, sky blue, rose and white. By all means give this entirely new and handsome flower a choice place in your garden. Easily and quickly grown from seed.

No. 2164, Pkt. 25c.

African "Tiger Aloe"
Excellent for Window Culture

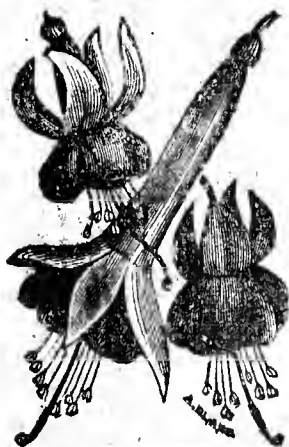

Aloes are ideal for pot or tub plants, and here is a rare native of Africa that will thrive to perfection. **This dwarf "Tiger Aloe" has saw-toothed, triangular leaves of exquisite beauty; spotted with silvery gray and margined with white.** Will give blooms the second year of rose-pink tubular flowers in long spikes. Here is a delightful rarity that you can grow from seed. *Supply limited.*

No. 2160, Pkt. 20c.

Gentlemen: I can truthfully say that **your seeds are the best that I have ever tried.** From the seeds I bought grew an abundance of vegetables and flowers. I never saw anything grow like those vegetable noodles. They sure look nice and taste good. I had the best and earliest cucumbers in this neighborhood so I got the best prices. If I get any more seed it will be from you. Mrs. Geo. McMillan, R. F. D. No. 1, Grand Blanc, Michigan

Single and Double
Lady's Ear Drops
Grow Some from Seed

Easily grown and a most beautiful and satisfactory window plant in winter. They can be transferred to the shaded open air beds in summer. The flowers of the *Fuchsias* are delicate, graceful in form and of surprising beauty. This special mixture includes shades of red, white, purple and combinations of these shades. Both single and double.

No. 2166, Pkt. 15c.

WHITE and LILAC
Bear's Ear

A Lovely Daisy-Like Annual

The foliage of this South African flower grows close to the ground while the beautiful flowers shoot up to a height of 15 inches. **These flowers are of startling porcelain-white with the reverse side a lovely lilac.** Easy to raise in any good garden soil and most satisfactory for July and August blooms.

JERUSALEM CHERRY Ornamental Pot Plant

This beautiful plant with its profusion of bright red cherries makes an ideal winter house plant. They are easily grown from seed. Start them indoors. Then pot the seedlings and let them develop outside. Before the frost arrives takes them indoors to mature and bloom. As a table decoration this pretty brightly fruited plant is hard to surpass. Determine now to have several for the coming winter. **No. 2016, Pkt. 15 cts.**

Gentleman:—The day after I planted the flower seeds in May the memorable 80 mile hurricane came this way. It did great damage, the seeds were blown every which way. Of course there was nothing to do but wait and see how and where they would come up. Even the metal labels were uprooted so when the plants were ready to be transplanted it was a good deal of guess work. With the result some of them were high where the low should have been and vice versa. The flowers were marvelous in size and color. Then came the four days in August of drenching rain and the garden was beaten flat. The following week they were more beautiful than ever. My garden covered 1-8 of an acre with bird bath in the center of colorful petunias, the bowl I painted sky blue. This was the first year I had planted your seeds I consider it was a Good Luck Garden after a disastrous bad luck start. Mrs. Robert M. Girvins, Jr. Rosemont, Pa.

The Vine BANANA

A Sensation For Your Garden!

The latest sensation. This most curious and most exquisitely flavored Melon grows to a length of 18 to 30 inches and is 4 inches in diameter. The flesh is yellow and quite deep. Looks, smells and tastes like an overgrown banana. Has a flavor all its own. A sweet and delicious curiosity. Don't fail to try it.

No. 2024, Pkt. 10c.

Fringed Chinese PRIMROSE

One of the brightest and most free flowering of all this happy family of Window Plants. The beauty of both the flower and leaf is simply indescribable. Being easily grown from seed they can be started indoors from Early Spring to August. When the young plants show a few leaves transplant to a smaller pot, say of 2 inches, then as the plant grows place in a larger pot. They do best in a north window and while maturing in the summer months keep in a cool shady place.

New "PINKGEM" Petunia

The First of a Charming New Race of Miniatures

**Be sure to have this Gold Medal
Winner in your Garden this year**

Forming a neat compact plant five to six inches high, literally smothered with deep pink blooms. A plant eight inches in diameter will carry as many as twenty-five to thirty blooms in flower at one time. Individual blooms are two inches in diameter. This miniature Petunia is indispensable for borders, window boxes, pots, rock gardens and for bedding.

No. 2236, Pkt. 25 cts.

Bright Blue and Pure White Amethyst BROWALLIA

These lovely star shaped flowers should grace your Flower Beds. The plants grow to 15 and 18 inches high, and will bloom profusely even in hot dry weather during summer and autumn. Excellent for borders. In the fall, before frost, the plants may be taken inside and used for Window Decorations (either in Pots or Window Boxes) and will reward you thru the winter with their attractive blooms.

No. 2238, Pkt. 10 cts.

Mrs. E. Leverington, Fairbank, Iowa, writes:—I wish to thank you for the wonderful seed I got of you. They were just fine and nearly every seed grew. The yield was large, producing more vegetables than we could use in our family of six. We had plenty to give our neighbors who use seeds from other companies.

Mrs. M. Levertton, R 2, Box 34, Fairbank, Iowa, writes:—Just a line to tell you what good success I had with the seeds I bought of your Co. We had seeds from six different Co's and your seeds grew the best and yielded more than any of the others.

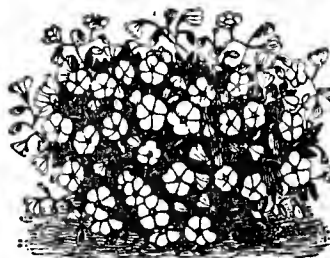

"Buttercup Yellow" Evening Primrose OENOTHERA

These beautiful biennials will also yield profusely from seed planted the first year. The Plants grow to 3 and 4 feet high, bearing pretty yellow flowers—these blooms pop open suddenly at dusk—one by one—attracting by their large dusk moths. These should appeal to the lovers of brightly colored flower beds, as the blooms are outstanding after the day flowers have drooped.

No. 2237, Pkt. 10 cts.

OXALIS Dark Red & Delicate Pink

WOOD SORREL

These too seldom grown annuals will delight you with their attractively colored flowers of Deep Rose and Delicate Pink. Excellent for Rock Gardens, profusely blooming all summer. May also be used for edgings.

No. 2239, Pkt. 25 cts.

Dish Cloth GOURD

—LUFFA—

The fruits of this Luffa or "Dish Cloth" gourd grow to the astounding length of over ten feet when the vines are twined to a lofty trellis and the fruits left to hang naturally. When the fruits are disturbed during the growing period they start to wind into various fantastic forms resembling green snakes. Fruits are edible when very young. When fully ripe the soft sponge-like interior can be used as a dish cloth.

**No. 2241
Pkt. 10 cts.**

GROW SOME Balsam Pear

A Luxuriant, Ornamental Vine

Known to the ancient Chinese as La-Kwa. It is a luxuriant vine with attractive rich-creamy flowers that quickly mature into fruits the size of a cucumber. These have 3 popular uses among the Orientals: As a VEGETABLE, as a DESSERT, and as an OINTMENT, for burns, sores, etc. Full instructions accompany seeds.

No. 2240, Pkt. 10 cts.

BALSAM APPLE. The round fruits are similar to the Balsam Pear. Whisky in which one of these fruits was preserved was much prized in our grandmother's day as a cure for cramps.

Bachelor's Button

Extremely Showy Annual

One of the loveliest of the annuals. Seed broadcast outdoors in April where you want the plants to grow will give you bloom from July to September. It is not easy to find a prettier bouquet than one of single Bachelor's Button. No old fashioned garden was ever complete without this popular favorite. Once established cornflower reseeds itself every year. You will be more than delighted with this collection of blue, mauve pink, white and purple special mixture of single and double flowers. **Paradise Special Mixture, All colors.** No. 2197, Pkt. 10 cts.

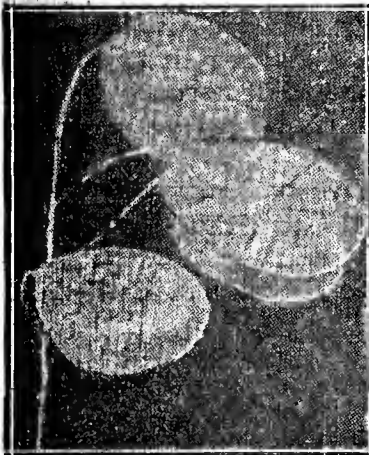

Double Flowering Bachelor's Button in Separate Colors

PINK & ROSE.	No. 2251, Pkt. 10 cts.

Annual Dwarf AZALEA

Highly Recommended for Pot Culture

When in full bloom the fiery-rose flowers of this striking introduction cover the entire plant. **Looks exactly like a greenhouse Azalea.** It is a flower for every garden. This new floral beauty will be a revelation to you. No. 2200, Pkt. 15c.

CHINESE Money Plant

Silvery Seed Pods Much Prized for Winter Bouquets

This biennial can be treated as an annual and will bloom the first year if the seeds are started in February. Flowers are purple but this interesting plant is **grown chiefly for its silvery seed pods** which are transparent and about the size of a 25-cent piece. When dried they make pretty, curious ornaments for winter bouquets.

No. 2198, Pkt. 10c.

ANNUAL Scarlet Flax

Brilliant Large Flowers

Flax is a lovely, airy plant that blooms very quickly from seed sown in the open ground. **The brilliant crimson scarlet flowers are borne in great profusion** above the dainty foliage. Fine for borders.

No. 2201, Pkt. 10c.

Grow Your Own TREES from SEED

Experience the Thrill of Growing Real Trees Right from the Beginning—From the Actual Seeds Themselves

The growing instructions we send along make it quite easy to grow any of these highly ornamental trees which are so useful for landscaping. Think of it! Real trees from seeds. Trees that you yourself can grow in your own back yard. Trees that will grow into real money. Trees that will give you and future generations joy and pleasure for years. Here is a fascinating activity for young and old.

COLORADO SILVER FIR (*Abies Concolor*)

A Handsome Evergreen

One of the most magnificent of all Evergreens, coming from the Rocky Mountains. Called "Silver Fir" because of its shimmering foliage, which varies in color from light green to deep blue. Perfectly hardy, and at maturity often reaches a height of from 60 to 80 feet.

No. 2252, Pkt. 25c.

NORWAY SPRUCE (*Picea Excelsa*)

A Majestic Ornamental Beauty

Planted in groups by itself, or with other varieties of Spruce and Pine, it is assuredly a delight to the artistic eye. Have you ever seen a Norway Spruce laden with snow in winter—truly a picture never to be forgotten. Popular for ornamental hedges. Easy sheared.

No. 2253, Pkt. 25c.

COLORADO BLUE SPRUCE (*Picea Pungens*)

A "True Blue" Evergreen

The aristocrat of the Evergreen family, by far the shapeliest of the Spruces and the truest most persistent blue color in any tree. As it grows to maturity the tree becomes thickly studded with well formed branches.

No. 2254, Pkt. 25c.

AUSTRIAN PINE (*Pinus Nigra*)

A Massive Rich Green Tree

Quite densely and evenly branched. Broad based, massive and heavily needled. It is hardy and vigorous in growth and withstands city smoke better than any other conifer.

2255, Pkt 20c.

RED PINE

(*Pinus Resionosa*)

Hardest of the Pines

Hardy both as to soil and coldness; of massive character; well fitted to bold landscape effects. Resembles the Austrian but has more slender, softer, denser needles.

No. 2256, Pkt. 20c.

PITCH PINE

(*Pinus Rigida*)

America's Most Valuable Tree

Because of the large quantities of pitch and tar obtainable from it this is known as one of the most valuable of our country's trees. At maturity it grows 40 to 50 feet in height. Short dark green leaves are in thick tufts, contrasting with the pale yellowish cones.

2257, Pkt. 20c.

WHITE PINE

(*Pinus Strobus*)

Majestic Yet Graceful

Often called the "King of the Pines", and rightly so. Its grandeur in height, color and symmetry make it one of the leading American trees. Abundant silvery-green foliage, in long swaying clumps of soft needles. Attains great height and picturesque spread with age.

No. 2258, Pkt. 20c.

SCOTCH PINE

(*Pinus Sylvestris*)

Fine for Windbreaks

This is a very rapid grower and thrives on any soil. Easily handled and grows faster than the White Pine. A handsome tree in its prime and much used by landscape men in ornamental plantings.

No. 2259, Pkt. 20c.

DOUGLAS FIR

(*Pseudotsuga Douglasi*)

Outstanding for Beauty and Hardiness

Very tall growing with red-brown bark. A native of the Rocky Mountains where its endurance and vitality has enabled it to endure for centuries. The foliage has some characteristics of both Spruce and Fir, acquiring the beauty of each. A truly distinguished tree.

No. 2260, Pkt. 25c.

BLACK LOCUST

(*Robina Pseudoacacia*)

A Native Tree of Quick Growth

A pleasing native, with deeply furrowed brown bark, quite content in dry sandy soil. It is worthwhile if only for the delightful fragrance of its June flowers, white with yellow base spots, hanging in dense clusters 4 to 8 inches long.

No. 2261, Pkt. 15c.

GOOD LUCK GARDENS, PARADISE, PA.

Here Is A Wonderful Lily You Can Produce From Seed

PHILIPPINE LILY

Blossoms From Seed Same Season—Flower Similar To Easter Lily

Very few flower lovers know that lilies can be produced from seed. Well here is a variety from the Philippines that will come quickly from seeds with little more trouble than the average rock garden or hardy perennial. When sown in Feb. or March in cold frames or the open ground they will commence to bloom in July, August or September, bearing two or three flowers on a stem. In the course of two or three years you will have a fine clump of Lily plants that will give you continuous bloom from August until late fall.

No. 2262, Pkt. 25 cts.

Continuous Blooming African Daisy

(ARCTOTIS GRANDIS)

These annual Blue-Eyed African Daisies are indeed a cheerful addition to any flower garden. The petals are a startling porcelain-white with the reverse side a lovely lilac. You never have any trouble in raising these from seed.

No. 2263 Pkt. 10 cts.

Hybrid CALIFORNIA POPPIES

(ESCHSCHOLTZIA)

The State Flower of California

Bring the rich coloring of the western foothills to your garden with these attractive low-growing annuals. The improvement in this new hybrid variety will be indeed a revelation to you. Plant them where you want them to grow. In a few weeks you will be rewarded with lovely blooms. This select mixture includes soft pink, scarlet, chrome, coffee red, claret and royal purple. Very useful and colorful for the foreground of your annual border.

No. 2264,
Pkt. 15c.

Annual Single WALLFLOWER

Oriental Colors of Great Beauty

Adaptable for both pot culture and outdoor bedding. The peculiar sweet fragrance of these flowers should make them just as popular here as they are in England. Wallflowers are easily grown—will bloom in July from seed sown in March. You will be delighted with the rich reds and yellows of this selected mixture. Very good for cut flowers.

No. 2265,
Pkt. 10c.

Here is One of the Wonders of the Plant World

BURNING BUSH

(DICTAMNUS ALBA)

What Makes This Green Plant Inflammable?

If on a warm evening when the wind is still you use a thin splinter, the end of which is covered with cotton dipped in alcohol as a torch, and touch the alcohol flame to a blooming cluster of Dictamnus, there will quickly rise against the twilight, a brilliant red flame, smelling of roots. Often, when there are many oil glands which are not fully developed, in the midst of others, darting flames surround the blossoms, and a beautiful halo lingers over the flowers. Aside from the above peculiar characteristic the white, sweet, lemon-scented flowers of this strong plant arise in beautiful attractive spikes. Seed germinates slowly and unevenly, and the plants once established in the perennial garden should not be disturbed.

No. 2266, Pkt. 10c.

Mrs. Carl M. Dexter, Littleton, N. H., writes:—I used "Good Luck" Seeds last spring and I was more than pleased with them. I am sure they are the best seeds on the market as far as germination, fast growing and maturity goes. In these Northern States near the mountains I need good seeds to get a crop.

GOOD LUCK GARDENS, PARADISE, PA.

Dwarf Giant Flowered Nasturtium

Here is the King of the Dwarfs. The old fashioned nasturtiums of our childhood have been much improved and this **Mixture of Large Flowering Dwarfs** will be a revelation to you. The colors are deeper, the flowers larger and more fragrant. Plant some in your yard or garden after the soil is warm, cover about one inch deep; you will be delighted all summer long, as new and pleasing beauties unfold themselves.

No. 2025, Pkt. 10c.

FOXGLOVE The Shirley

Experts agree that this is the finest strain of *Digitalis* ever produced. Of the same type as the common, but so much larger and finer. They grow 6 to 9 feet tall; stems are thickset with beautiful Gloxinia-like blossoms of all shades from white to deep rose. Do not fail to try this great acquisition.

No. 2023, Pkt. 10c.

HYACINTH BEAN

Rapidly growing annual for sunny situations; if sown in May will reach 10 feet by July. Foliage is heart-shaped, a bright green color with fringe of red and purple shades. Producing long spikes of deep reddish maroon flowers, which are followed by beautiful shaded purple seed-pods. A riot of color from July to fall.

No. 2026, Pkt. 10c.

GOOD LUCK GARDENS, PARADISE, PA.

Firecracker Plant

Odd and Attractive

This interesting little pot plant is very showy with its scarlet pendulous flowers. The FIRECRACKER will attract much attention wherever seen. Once started you are never without flowers all year round. You will never regret starting several of these delightful novelties. Easily raised from seed.

No. 2028, Pkt. 15c.

DAHLIAS from Seed

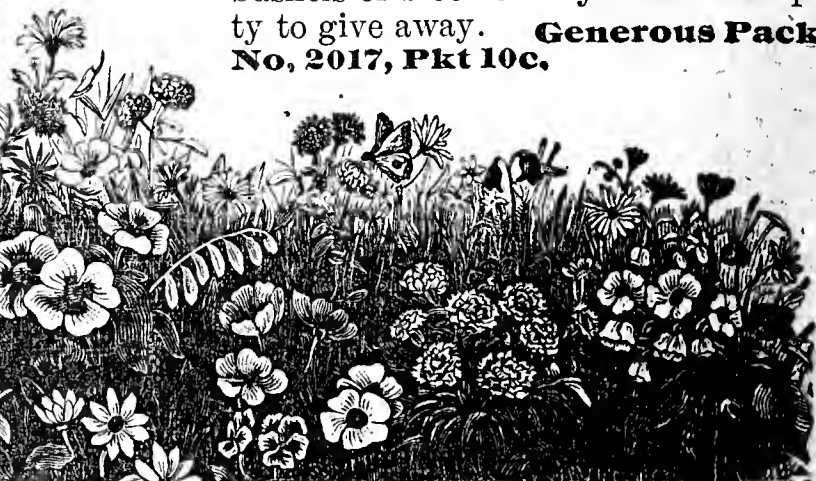

Dahlias have come to the front as a cut flower, but few people know that **they can be raised from seed, and will bloom the same season** if started early in the house. The seed is easy to germinate. Seed sown as soon as the ground is warm will produce some flowers and a multitude of bulbs for the following season. No two are alike; every color is represented. There is no more fascinating seed to grow than the Dahlia, oftentimes **THE RICHEST COLORS AND LARGEST FLOWERS COME FROM SEEDLINGS.** Get this fine mixture today and you will be more than pleased with the results.

No. 2096, Pkt 10c

"Lucky" Wild Flower Garden

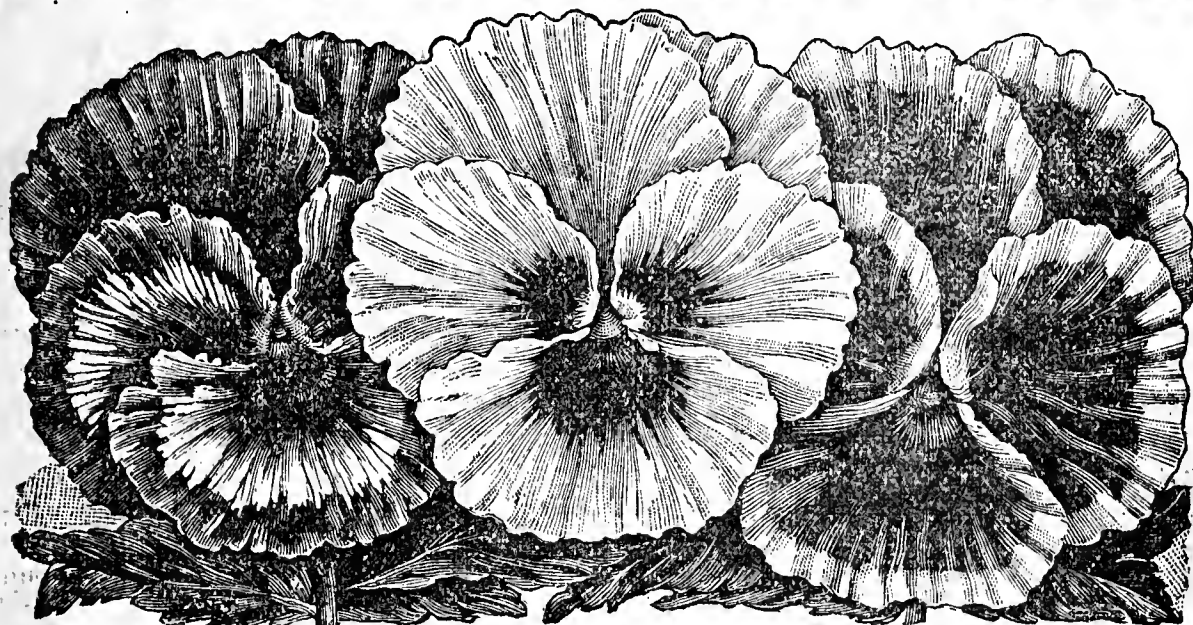

A gorgeous combination of colors if you plant this collection. A whole garden of 100 varieties of rare and beautiful flowers. **Something new for every day of summer**—a cloud of bloom and happy, delicious perfume. Odd and beautiful flowers appear from day to day and continually charm you with their beauty and fragrance. You can have bushels of blooms for yourself and plenty to give away. **Generous Packet, No. 2017, Pkt 10c.**

MAMMOTH SWISS PANSIES

The Very Last Word in Pansies

Under favorable conditions these marvelous Pansies often reach 3 1-2 to 4 inches in diameter. The flowers in addition to being of mammoth size are of a rich velvety texture that defies description. Sow in the early spring for fall flowering, or in July and August for spring blooms—they can be carried through the winter by mulching with straw or leaves. To sow cover lightly with sand or fine soil and keep damp for the first 15 days. This Mammoth Swiss Mixture will give you Pansies that will be the envy of your friends and neighbors.

No. 2013, Pkt 20c.

CLARKIA Elegans

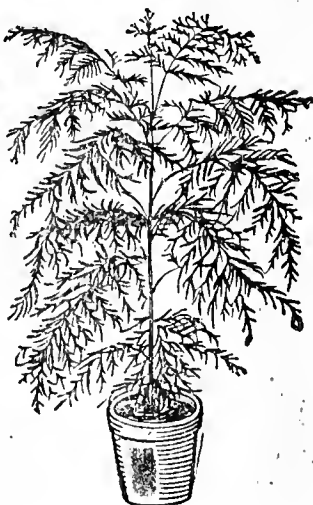

A hardy American Annual that is fast becoming exceedingly popular. Seeds may be started directly outdoors in the spring. While easy to grow they should have shade during the heat of the day. Clarkia is fine for cut flowers and does equally well as a bedding or pot plant. If you are a lover of beautiful plants this should be included in your order.

Special Mixture, No. 2042,
Pkt 10c.

Oriental Perfume Tree Exotic! Mysterious!

The secret of its fascinating fragrance has never been discovered. Direct from Chinese Gardens. Said to have priceless occult powers. Grows into gorgeous pyramid 5 ft. high. Thousands of fragrant blooms. Delicate lacy foliage. Sprays kept in a trunk will impart sweet perfume for years. Will thrive outdoors in any soil. Recommended as a house plant. Don't miss these perfumed beauties. Nothing like them.

Old Fashioned **SCARLET SAGE**

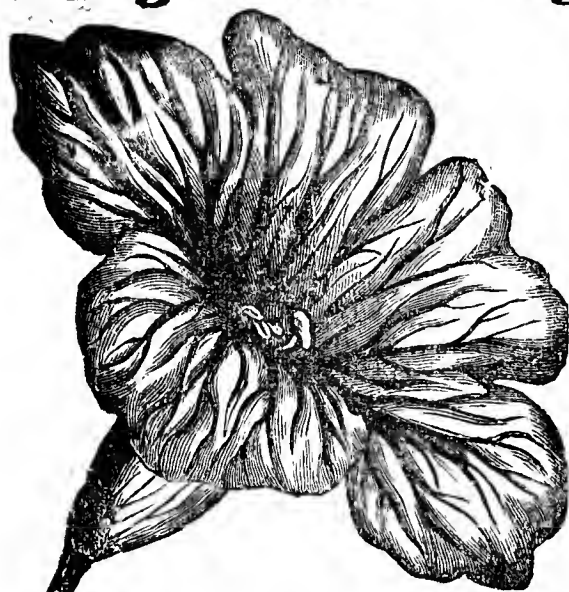

Brilliantly Decorative

Ideal for beds. Scarlet Sage is almost too well known to be described. For showy beds the scorching scarlet of the old fashioned type is unsurpassed. Growing 3 to 4 feet tall and literally covered by a blazing mass of bright scarlet flowers it is indeed "a sight to behold." Scarlet Sage starts readily from seed.

No. 2057, Pkt. 10c.

Painted Tongue Large Flowering

A most attractive annual. The giant petunia-like flower is truly a display of rich color—purple, crimson and a glint of gold. This really beautiful flower is easy to grow and is distinctive enough to deserve a place in your garden. Choice Mixture,

No. 2066, Pkt. 10c.

Chinese Pinks Fine For Cutting

This old favorite should be in every garden. Sown out of doors in April or May they soon come into bloom and last until frost. This mixture will produce some of the most attractive flowers in cultivation.

No. 2064, Pkt. 10c

IMPERIAL Japanese Morning Glories

The perfection of Morning-Glories. Immense flowers, all wavy and fluted, simply magnificent. The colorings and markings range from snow-white to dark purple, fiery red, pink, rose, carmine, deep blue, brown and cherry. Vines grow rapidly to from 30 to 50 feet. The foliage is deep green, luxuriant, distinct and

variegated. **Mixed. No. 2071, Pkt. 10c.**

No. 2292, Pkt. 10 cts.

Elmer L. Gingery, Atchison, Kans. Writes:—The seeds that I got from you sure are growing wonderfully, and the neighbors sure envy my flowers. Everybody that comes around wants me to save some seed for them, but I have so many orders now that I'm sure I won't have enough seed to go around.

Mrs. E. Brown, 416 Hutchinson St., Trenton, N. J. Writes:—I have tested your seeds in a small box and they germinate wonderful; I never had any better seeds.

Butterfly Orchid

One of the Daintiest Flowers Imaginable

This strangely beautiful flower never fails to bring forth admiration. Hundreds of bright flowers in a bewildering array of colors, all blotched and marked like butterflies, literally cover the delicate fern-like foliage a few weeks after planting. Here is a charming flower, good indoors or out. For winter blooms plant during late autumn.

No. 2183, Pkt. 15c.

Magnificent House Blooming Plant

The superb flowers of this Giant Gloxinia often measure five inches across. No spring and summer blooming pot plant can quite compare with the beauty of these satin-like, tubular flowers with their exquisite coloring.

No. 2180, Pkt. 25c.

LARGE-FLOWERED MIXTURE OF GLOXINIA

SNOW ON THE MOUNTAIN

Easily raised. Sow the seeds outdoors in May and later thin to 14 inches. The stems are pale green in color and bear clusters of leaves white-tipped as if snow had fallen on them. An old-fashioned favorite for bedding.

No. 2184, Pkt. 10c.

FIRE-ON-THE-MOUNTAIN. Similar to above plant except that about mid-summer the center top leaves turn orange-scarlet.

No. 2185, Pkt. 10c.

Gentlemen: Have had wonderful results with your seed. My first experience as a gardener. Radishes were delicious and the lettuce lasted all summer. Beets were very nice and tender. Best of all was your "Wonder Melon" as I call it. All of our neighbors had a taste and they all liked it.

strate border and rock garden plant; flowers rosy pink, produced in great quantities just above the foliage in late May and early June.

No. 2342, Pkt. 10 cts.

CRIMSON MOSS (*†*Saxifraga decipiens.*) 4 inches. Dwarf mossy plants bearing white flowers in May and June. The green foliage turns a bronzy crimson in late fall winter.

No. 2343, Pkt. 25 cts.

HARDY PIN CUSHION (*Scabiosa caucasica.*) 1½ to 2 feet. Splendid for both cutting and garden display. The lovely flowers are a soft and charming shade of lavender; blooms from June until September.

No. 2344, Pkt. 15 cts.

GOLDEN MOSS (*†*Sedum acre.*) 3 inches. Slow spreading plants with attractive deep green, fleshy small leaves. The bright yellow flowers are in bloom from May to July.

No. 2345, Pkt. 25 cts.

RAGWORT (*Senecio clivorum.*) Forms a neat tuft of foliage, from which spring a succession of 3 ft. stems with clusters of orange-yellow flowers. In bloom from July to October. One of the few plants that flower profusely in the shade.

No. 2415, Pkt. 10 cts.

GREEK MALLOW (*Sidalcea, Rosy Gem.*) 2 to 3 feet in height. Erect growing branching plants producing showy bright rose colored flowers in June and July. They will succeed in any soil but must be in a sunny position.

No. 2416, Pkt. 10 cts.

AUTUMN CATCHFLY (*†*Silene schafta.*) A charming border or rock garden plant. Grows 4 to 6 inches high with masses of bright pink flowers from July to October.

No. 2417, Pkt. 10 cts.

LAMB'S EAR (*†*Stachys lanata.*) 6 to 10 inches. Useful both in the rock garden and in the hardy border for edging. Soft silvery foliage. A fine, old-fashioned cottage garden favorite.

No. 2346, Pkt. 15 cts.

SEA LAVENDER (*†*Statice latifolia.*) 18 inches. Valuable for both rockery and border. Immense heads, often 1½ feet high and 2 feet across of minute purplish flowers during July and August. If cut and dried they last in perfect condition for months.

No. 2347, Pkt. 10 cts.

CORNFLOWER ASTER (*Stokesia laevis cyanea.*) 18 inches. In late summer and early fall these beautiful light blue flowers are produced in great profusion. Lovely in front of the border. Splendid for cutting.

No. 2348, Pkt. 10 cts.

GERMANDER (*†*Teucrium chamaedrys.*) The glossy green foliage resembles boxwood, and where boxwood is not hardy this may be used in its place. Can be clipped to suit any height up to 12 inches.

No. 2418, Pkt. 25 cts.

MEADOW RUE (*Thalictrum adiantifolium*) The foliage of this beautiful variety resembles that of the Maidenhair Fern. Grows about 2 feet high. Miniature white flowers in June.

No. 2419, Pkt. 10 cts.

THYME (*†*Thymus serpyllum splendens.*) Grows 10 inches high, spreads rapidly. One of the best varieties for naturalizing. When established may be mowed with a lawn mower. Foliage, when walked upon, emits a delightful fragrance.

No. 2420, Pkt. 10 cts.

RED HOT POKER (*Tritoma, Perpetual Hybrids.*) These showy hybrids range in color from yellow to deep orange and are perfectly hardy. Spikes 3 to 4 feet high. In bloom from August to October.

No. 2421, Pkt. 10 cts.

GLOBE FLOWER (*Trollius europaeus, orange globe.*) Giant orange-yellow, butter-cup like flowers are borne on stems 1 to 2 feet high from May until August. Good in semi-shade.

No. 2422, Pkt. 25 cts.

COAT FLOWER (*†*Tunica saxifraga.*) 6 inches. All summer long this pretty tufted plant produces light pink flowers. Good for rockery and border.

No. 2349, Pkt. 10 cts.

GARDEN HELIOTROPE (*Valeriana rubra.*) Produces showy heads of mauve-rose flowers during June and July, with delicious, strong heliotrope odor. 3 to 4 feet high. Loves a moist spot.

No. 2423, Pkt. 10 cts.

SPEEDWELL (*Veronica spicata.*) 24 inches. Very fine for the middle of the border. The long spikes of violet blue flowers are in bloom all summer.

No. 2350, Pkt. 15 cts.

TUFTED PANSIES (*Viola cornuta.*) 4 to 6 inches. One of the very best edging plants, and if not allowed to go to seed will produce their pretty little pansy faces all summer long.

No. 2195, Pkt. 10 cts.

ADAM'S NEEDLE (*Yucca filmentosa.*) The broad sword-like evergreen foliage and immense branching spikes of drooping creamy white flowers rising to a height of 6 feet, render Yucca a handsome subject wherever planted.

No. 2424, Pkt. 10 cts.

BLUE..... No. 2360, Pkt. 10c DEEP ROSE No. 2364, Pkt. 10c
SENSATION No. 2361, Pkt. 10c MIXED..... No. 2365, Pkt. 10c

Gentlemen:—Last spring I purchased quite a number of flower seeds from you and I must tell you that your seeds are most satisfactory. I have certainly been rewarded. Everything has given me much joy and pleasure. The Poppies, Larkspur, Candytuft, Nasturtiums and Zinnias were especially beautiful. The Sweet Peas were beautiful, and I am now watching with interest my Spaghetti plant. My neighbors are also interested in it.

Miss Ethel Campbell O'Connor, Woburn, Mass.

Handsome Perennial Bleeding Heart

Grow this old fashioned favorite of our grandmother's gardens from seed. The beautiful, long graceful racemes of heart-shaped pink flowers recall the days of long ago when every garden had its choice plants of this decorative flower. Your garden is not complete without at least a row of these quaint perennials.

No. 2203, Pkt. 25c.

PARADISE DWARF MIXTURE OF ANNUAL LOBELIA

Crimson—Blue—Pink—White—Purple

Lobelias are beautiful, delicate plants adapted to a great variety of ornamental purposes. These annual varieties are of trailing habit, bearing great numbers of small flowers, particularly suitable for borders and bedding where drooping plants look graceful.

No. 2202, Pkt. 15c.

Bicolor Superba Cone Flower

Bright Yellow Flowers; Brown Central Disc

This annual Rudbeckia will produce an abundance of bright flowers that are excellent for cutting. Belongs to the same family as the Golden Glow but this annual variety blooms quickly from seed. You need not give this plant any special care, in fact it thrives in hot, dry locations.

No. 2204, Pkt. 10c.

Gentlemen:—I want to thank you for the new Vegetable seed you sent me, and want to say they are a wonderful Vegetable. I find they are very drought resistant, and more easily raised than anything grown in the garden. They make delicious pies, similar to a coconut pie. I want to thank you for your very courteous and reliable treatment in all your dealings with me, and find your seeds are just as you say and very sure to grow.

Mrs. Marion Burk, R. 2, Callao, Mo.

Will it rain?

Be Your Own Weatherman

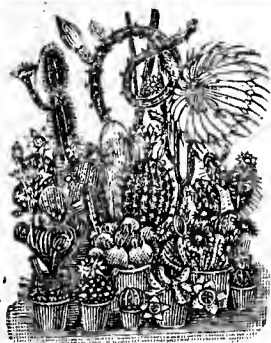

GROW YOUR BAROMETER!

If the leaves of this curious plant stand straight up the weather will be fine; if they stand straight out changeable weather can be expected. As the leaves droop indications change toward rain. **Many who own this plant claim that they can tell the weather two days in advance.** When the leaves curl together local storms are due; fog by bending of the twigs. This floral barometer is in addition a very beautiful house plant which climbs to a height of 7 feet, bearing light blue flowers followed with pods of brilliant red seed which can be used for beads.

No. 2074, Pkt. 15c.

NOTE: Soak all night in hot water before planting.

CATCUS SEED

GROWING CACTI from seed is by no means difficult and you will derive much pleasure from this interesting undertaking. You will be surprised and delighted with the appearance of Cacti just sprouting.

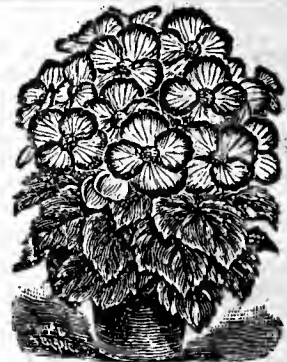

No. 2077, Pkt. 20c.

Get this novel mixture of choice varieties.

Flowering BEGONIA

Everblooming

Everyone knows the Begonia; unexcelled as a bedding and house plant. This special mixture has a fine range of colors from pure white to crimson. Better than either geranium or coleus for shady beds.

"LUCKY" Mixture. No. 2072, Pkt. 15c

Exquisite Peony Flowered Poppies

Poppies are old fashioned, but how showy and beautiful they are! Once in the Garden they will take care of themselves. Just scatter a few seeds anywhere there is space. **SEVERAL PLANTINGS WILL PROVIDE FLOWERS ALL SUMMER.** These splendid Peony-flowered Poppies are most satisfactory. Get this dazzling mixture of the richest and brightest colors **Special Mixture.**

EVERBLOOMING DOUBLE MIXED HOLLYHOCK

The Garden Flower Beautiful

Who does not admire the stately beauty of these tall plants with their large handsomely colored flowers? The Perennials required two years to flower but **this annual variety will bloom the first year** if planted in the open in May. No flower garden is complete without this old-fashioned favorite.

Ever Blooming Mixed (Double & Semi-Double) No. 2062, Pkt. 15c

Bird of Paradise

GORGEOUS BIRD OF PARADISE

By far one of the most gorgeous of flowers. The golden yellow flower which measures $2\frac{1}{2}$ inches across is produced in large trusses. The most beautiful part being the large bright crimson pistils which spread out in fan-like form. **The foliage is highly decorative.** Plant some of this seed early and get blooms in profusion this year.

No. 2083, Pkt. 10c.

CROW YOUR HERBS FROM SEED

For Flavoring, Medicinal Uses and Perfuming

Herbs should be in every garden. They take up so little room and are almost essential in all savory cooking. Being decorative they are not at all out of place in a flowering border.

ANISE, No. 2084, Pkt. 10c. Used for seasoning, cordials and garnishing.

BALM, No. 2085, Pkt. 10c. Leaves have a fragrant odor similar to lemons; used for making tea for use in fevers.

BASIL, No. 2086, Pkt. 10c. Use the leaves for seasoning soup, stews and highly seasoned dishes.

CATNIP, No. 2087, Pkt. 10c. Tea made from leaves is good for colds and indigestion. Said to be a "Cure-All" for all cat diseases.

DILL, No. 2088, Pkt. 10c. Use leaves as flavoring for soups, sauces and pickles.

SAFFRON, No. 2089, Pkt. 10c. Flowers are used for coloring and should be picked in fine bloom; used to make powdered cosmetic rouge. Also used for flavoring.

SAGE, No. 2090, Pkt. 10c. Leaves used for tea, seasoning and dressing.

MARJORAM, No. 2091, Pkt. 10c. Ends of shoots and leaves used for summer flavoring, and also dried or winter use.

CHOICE and UNUSUAL VEGETABLE SEEDS

New Sensational Burbank Creation The Earliest Tomato Grown

This Tomato is a wonderful tribute to Mr. Burbank's remarkable genius. Read this striking statement of the great plant wizard: "a second crop has been grown the first season from seeds of the first crop." Mr. A. I. Root, editor of Bee Culture, stated that **he planted Burbank Tomato Seed when his other plants were budding, YET HIS FIRST RIPE TOMATOES CAME FROM THE BURBANK.** This amazing Tomato is a **BIG BEARER.** The fruits are attractive; bright red, medium size, smooth, well formed and they ripen evenly all over. **Beat your neighbors to ripe Tomatoes this year by planting BURBANK SEED.**

No. 2059, Pkt. 15 cts.

"GOOD LUCK" SEEDS PRODUCE "GOOD LUCK" GARDENS

Gentlemen:—Just a few lines to tell you of the wonderful "Squaggetti" or "Noodle Plant," New Wonderful Vegetable which I raised from your Free Trial planting—6 seeds. From 2 plants I raised 9 Spaghetti Vegetables. I canned two of them which filled three 1-2 gallon jars and made one big fat pie 9 inches across. Talk about your squash or pumpkin, Spaghetti Vegetable has them all beat for pies. My friends and neighbors are wild about them. Everyone wants to plant them.

Hattie Hammer, Box 214, Victor, Montana.

WHITE TIPPED SCARLET THE EARLIEST RADISH

Appeals to the Palate As Well As the Eye

The favorite early red Radish, in fact, the earliest of all. To produce a crisp and tender Radish, quick growth is essential. This one matures in 18 days. Grows to a good size, but still remains crisp and full of flavor. The roots are round, uniform in shape, and of a very attractive bright scarlet color, presenting a most delightful appearance when prepared for the table. Can be sown very closely.

No. 2054, Pkt 10c.

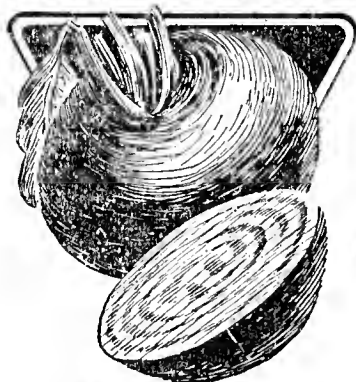

EARLY WONDER BEETS

Ready for the Table in 40 Days

The finest red, round Beet in cultivation for either market or home garden. Meaty and of high flavor, sweet and tender. Quick grower—ready for the table within 40 days. Produces deep red, perfect shaped Beets, good to look at, fine to sell, excellent keepers. Smooth skin and slim roots. Put in a patch of these Beets and be delighted.

No. 2048, Pkt 10c.

DANISH RED WINTER CABBAGE

Good all winter but excellent as a summer variety if you prefer. Its rich red color makes it particularly desirable for cole-slaw. Tender and juicy. Keeps well until late spring. The heads grow to a large size, almost a perfect ball-shape. A fine sure-heading variety which yields an excellent crop.

No. 2061, Pkt 10c.

GOOD LUCK GARDENS, PARADISE, PA.

Mammoth English Dwarf

BUTTER BEAN

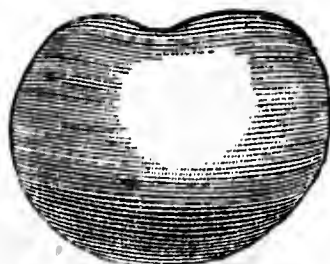

Frost Proof Shell Beans

Larger than the Limas, delicious cooked or baked. They are very hardy and just the opposite of our American Beans in that *they are planted early*—about the same time as peas. They grow quickly on an upright stalk about 2 feet in height. The pods stand straight out, usually contain 3 to 5 large fat, tender beans. This English Windsor bean is well worth a trial.

No. 2378, Pkt. 10 cts.

*Enormous
Beans—
High in Food Value
—Rich in Vitamins*

J. S. Smith, 326 Winston St. Pittsburg, Penna.
writes: Your seeds can not be beaten any where.

Highly Productive

Lazy-Wife's BEAN

Best Late Pole Beans

This green podded pole bean is popular either for soup beans, being stringless or for dry or winter beans shelled. *These luscious white beans make excellent winter eating.* The pods are borne in large clusters and make pickling easy.

No. 2379, Pkt. 10 c.

Large Green Globe

ARTICHOKE

A Decided Delicacy

Grown and highly esteemed for its edible uniquely flavored, large flowering heads. Quite different from the Jerusalem Artichoke which is grown for its tuberous roots. You can grow this increasingly popular French delicacy in your own garden.

2380, Pkt. 15c

Grow Some of This Tender

Black Mexican Sweet Corn

This high quality sweet corn, with its bluish black kernels is not a mere curiosity but *a really good tender and delicious sweet corn for family use.* The large ears are about 7 to 8 inches long, eight rows and filled with fat kernels. You will find this medium-late variety a welcome addition to your garden.

No. 2381, Pkt. 10 cts.

Large AMERICAN FLAG LEEK

Dependable—Easily Grown

This most extensively used of the Leek family is a strong growing variety; broad leaved, with rather short thick stems. Leek's are even milder than onions and just so easy to grow. Splendid for flavoring soups and stews, as well as for eating raw. Can be transplanted in the cellar in sand for winter use. Get acquainted with this mild agreeable member of the onion family.

No. 2382, Pkt. 15 cts.

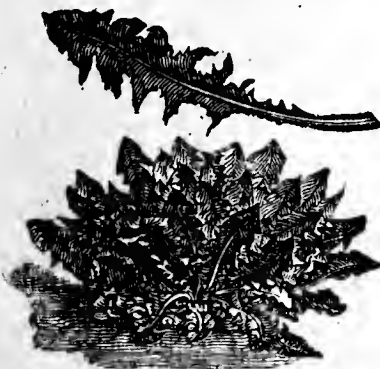

**Improved
Cultivated**

DANDELION

**Superior, Thick
Leaved Variety**

This is not to be confused with the common dandelion. The leaves are tender, thick and of beautiful deep green color. Dandelion contains iron and is one of the most beautiful greens. As easy to raise as lettuce.

No. 2383, Pkt. 10c.

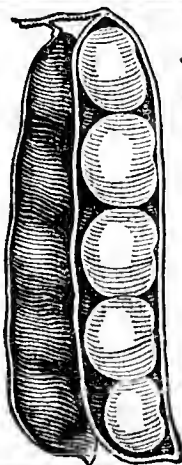

Fordhook Bush

LIMA BEANS

Best for the Home Garden

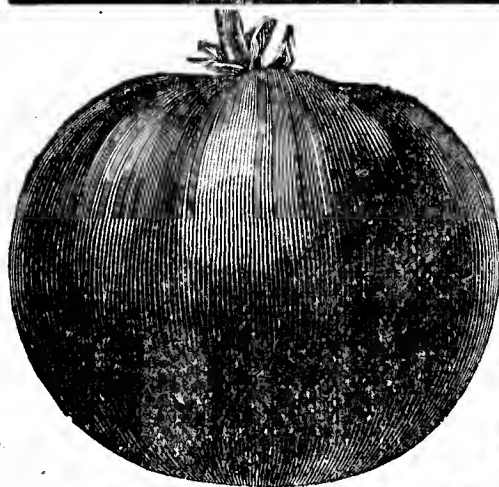

The pods of this popular lima are grown on erect stiff bushes. Each pod contains at least 4 or 5 large, plump, tender, melting-sweet beans. This is a highly productive lima and you will be more than pleased with these fat meaty, delicious green beans. Dried they become white and are excellent for winter use.

No. 2384, Pkt. 10 cts.

GOOD LUCK GARDENS, PARADISE, PA.

Marglobe TOMATO

Resistant to Wilt and Nail Head Rust
A Second Early Variety

This variety seems to be one of the favorite tomatoes with home gardeners because of the large, smooth, deep red, meaty and juicy fruits. The vines are very vigorous, and equally productive. This variety should be the one to be planted by those who year after year have been annoyed by blight. The Marglobe is also widely used by truckers and shippers, and in various sections by canners. Recently introduced by the United States Department of Agriculture. **No. 2385, Pkt. 10c.**

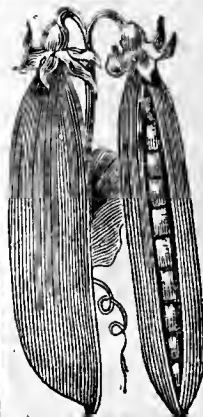

Here is the Popular, Medium Early

Thomas Laxton Pea

Unsurpassed in Quality

A favorite for both the home and market garden, being the best and heaviest yielder of all the early wrinkled tall peas. Out-yields the old "Gradus" 25 per cent. The vines grow about 3 feet tall, pods are medium green, plump, broad and blunt; contains 7 to 8 luscious peas of sweet tender flavor.

No. 2386, Pkt. 10 cts.

PURPLE TOP WHITE GLOBE TURNIP

An All Purpose Variety

Extensively used for shipping, market gardening and home use. The tops are green, large and erect. The roots large, globe shaped, very smooth, upper part purple-red, white below. The flesh is white, sweet, crisp and tender. More generally planted than any other variety.

No. 2387, Pkt. 10 cts.

True Early Mammoth White Bush

SCALLOP SQUASH

Also Known As "Patty Pan"

This is an improvement of the "Early White Bush" variety of grand mother's time. Much larger and thicker and a heavier producer. The flesh is white tender and sweet. Plant this excellent strain for an

abundance of early summer squash.

No. 2388, Pkt. 10 cts.

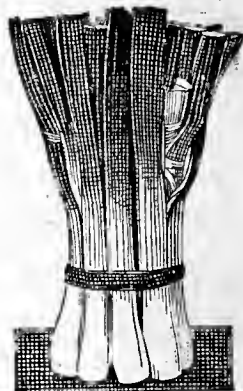

Early White Welsh

Bunching ONION

Pearly White—Mild Flavor

This is a hardy perennial onion that forms no bulb but develops white shoots for use far in advance of those from sets. If you want them for spring use plant in the fall—for fall use plant in the spring. Once established you can be sure of a steady supply of green bunch onions for your table year after year.

No. 2389, Pkt. 10c

White Velvet

OKRA or GUMBO

Unexcelled for Soups & Stews

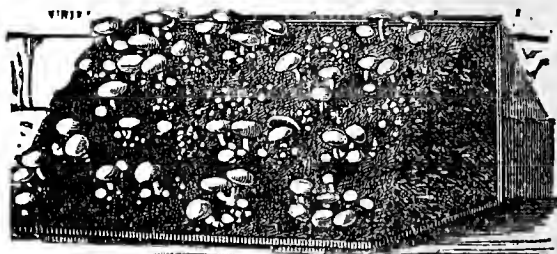

Too little known in our northern states is this excellent ingredient for soups and stews. While it is a hot weather plant it can be grown in the north by starting indoors in paper pots. This variety is early, and prolific. The hibiscus-like flowers are followed by meaty, ivory-white long smooth tender pods. **2390, Pkt. 10c**

Grow Your Own

MUSHROOMS

American Pure Culture Spawn

Here is a home gardening activity well worth your while. All you need is a cellar or well-built out building which can be kept to a temperature of 55 to 65 degrees in cold weather. Full culture directions sent with each brick. **No. 2391, per Brick 35c**

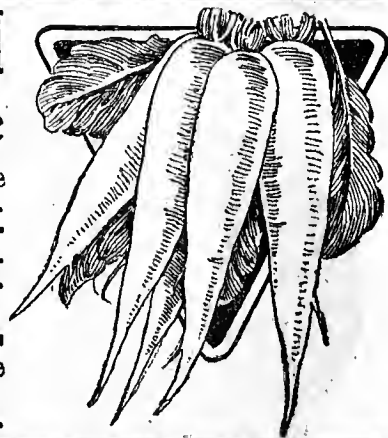

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

Extra Early Icicle RADISH

Fully 2 Weeks Earlier Than Regular Icicle

A brand new variety and not yet a fixed type. Part of the roots are olive shaped while the balance are true Icicle shape. **The roots are very white, very neat in appearance, of high quality.** Sow first thing in the spring. Not recommended for late sowing. **No. 2097, Pkt. 10c.** For later sowing use Regular Icicle listed below.

REGULAR WHITE ICICLE. The long white beautiful shape so admired by every one. Mild as an apple. **No. 2108, Pkt. 10c.**

Golden "Phenomenal" CELERY

The World's Finest

The last word in Celery. Large, better and finer than Golden Plume of which it is an improvement. Rich golden yellow in color, full hearted, crisp and compact. **Free from stringiness of any kind.** Early, a good keeper. "Phenomenal" is the only name suited to this marvelous Celery.

No. 2101, Pkt. 15c.

Gentlemen:—My squash seed made a beautiful vine, especially the one which ran over the grape vine instead of the soil. Up to killing frost we had squash—to me very interesting. Mrs. J. B. Safford.

"Good Luck" Rattlesnake WATERMELON

Unexcelled Eating Qualities

One of the finest melons grown and a home favorite for 30 years. Also known as "Striped Gypsy." A sure cropper, producing fruit where none grew before. Big yielder and good keeper. **Bears fruit which is very juicy and sweet.** Oblong shaped, striped and mottled with various shades of green. A big handsome melon that tastes as good as it looks.

No. 2113, Pkt. 10c.

Early Jersey Wakefield CABBAGE

Produces in 60 Days

This old favorite is the most popular of the early cabbages. Produces solid heads of excellent size, conical in shape. **Fine grained and delicious flavor.** May be planted close together and thus produces heavy crops.

No. 2104, Pkt. 10c.

Paradise—New Golden Glow

The Best and Earliest Yellow Sweet Corn

Ten days to two weeks earlier than Golden Bantam; and 12 rows instead of 8 of **the sweetest and most luscious, sugary flavor imaginable.** Plant "Golden Glow" and be ready to serve this tender, delicious, juicy corn days before your neighbors who plant the common varieties.

No. 2116, Pkt. 15c.

For later crops of yellow corn we recommend **GOLD-EN BANTAM.** (8 Row.) **No. 2109, Pkt. 10c.**

Gentlemen:—In regards to you. ew Wonder Vegetable. I planted about 12 plants last January and they have been very prolific. Everyone has expressed a delight over this wonder product, and I feel sure you should enjoy a much merited success from the introduction of this seed. Geo. H. Hubert.

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

Lucky "All-Purpose" Beet

Richest, Darkest Red of Any Beet

Ideal for Table, Canning and Pickling

Plant this beet and you will need no other. The "All-Purpose" suits every need. Flesh is fine grained, sweet and always free from woody fibres. It produces early beets for table use but can be used throughout the season. **The color, which is the richest, darkest red, of any beet, is retained when cooked, making them most attractive for both pickling and canning.** Ready for the table in 40 days. **No. 2098, Pkt. 15c.**

Iceberg "Crisp Head" Lettuce

**Hard-Headed,
Crisp and Tender**

Easily grown and always crisp and tender. "Iceberg" should be in every kitchen garden. **Forms the most delicious, tender, crisp heads** which fold tightly, blanching the exquisitely flavored hearts to a creamy white. Being a quick grower "Iceberg" stays crisp and tender whether planted in early spring or late summer.

No. 2102, Pkt. 10c.

New Rust Proof "Mary Washington" ASPARAGUS

Developed by the U. S. Department of Agriculture

This is a rapid grower with a delicious flavor and tenderness. **The stalks are often 2 inches in diameter, and even when 12 inches long are still juicy and tender.** The "Mary Washington" is without a doubt the finest Asparagus available.

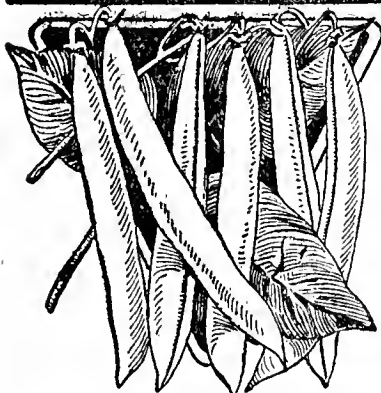

No. 2100, Pkt. 10c.

Paradise Black Beauty Egg Plant

The Earliest and Best of the Large Fruited Kinds

The fruits of the "Black Beauty" grow to enormous size and are **ready for use 10 days to two weeks before any other variety.** They are entirely free of spines and thorns and in color are of a rich lustrous black-purple. The plants are bushy, robust and compact. Under favorable conditions they bear until frost.

No. 2106, Pkt. 10c.

Improved Golden Wax Dwarf Bush Bean

Stringless, Crisp and Brittle

The beans produced by this vigorous variety makes a delicious vegetable course to any meal when in season. The vines grow about a foot high, yielding a profusion of light yellow pods from 5 to 7 inches long. Pods grow full and large. Free from blight or rust. The best yellow podded bean there is.

No. 2099, Pkt. 10c.

Dear Sir:—Received the three pkgs. of seed and the "Squaggetti" seed is already up. I want to thank you for them and your generous offer to replace others. I think you have done your share and I will not forget to recommend you to others.

Sincerely yours,

Mrs. A. McMillen, Reamstown, Pa.

"GOOD LUCK" Mammoth MELTING SUGAR PEAS

Cook Whole Like String Beans

These luscious edible podded sugar peas are by far the best of this type of pea. The vines grow about four feet tall and are very productive. Measuring over 5 inches long the full grown pods are sweet tender and so brittle they snap like ice. For sweetness and tenderness this is the variety for you to plant. If you have never tried an edible podded pea try them—you have a treat in store for you.

No. 2392, Pkt. 10 cts.

Paradise Improved
Half-long

Parsnip

Smooth Snow-
White Roots

Grow plenty of nutritious parsnips for winter use. This improved half-long variety is much better than the Old Hollow Crown. The roots are slightly short-er, free from side roots, tender of fine flavor.

No. 2393, Pkt. 10 cts.

"Lucky" Collection of SMALL HOT PEPPERS

Fine for Sauces and Flavoring

Here you have a collection of the hot-fruited peppers which will give you a variety both as to size and shape for your pickling and chili sauce. Included are the Long Red Cayenne, Tom Thumb, Tobasco, Red Hot and small Red Chili.

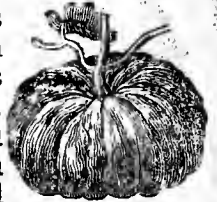

Pkt. 2394, Pkt. 15cts.

Make Your Pumpkin Pie From SMALL SUGAR PIE PUMPKIN

Without a doubt this is the most desirable pumpkin for every use. The flesh is golden, extra fine and sweet. Plant this variety and you will be rewarded with an abundance of globe shaped pumpkins for your Thanksgiving Pie and right on thru the winter as this is an excellent keeper.

No. 2395, Pkt. 10 cts.

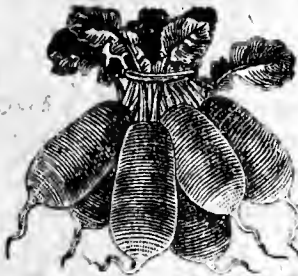

FRENCH BREAKFAST RADISH

Tender and Juicy

This quickly growing and exceedingly popular ob-long radish is a beautiful bright scarlet, tipped with white; about 2 inches, long By far one of the most beautiful of the early radishes. You can eat them 25 days after planting.

No. 2397, Pkt. 10 cts.

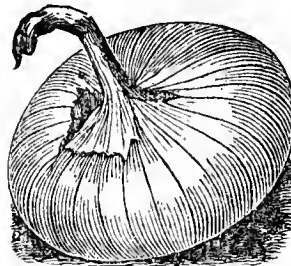

Mild, Pleasant Flavored
The Leading Flat White

ONION White Portugal

White Portugal is a splendid sort for growing white onion sets, pickles and for early bunching green onions. Maturing quickly it can be planted as late as June and still produce pickling size onions by fall. The mature onion is mild and most excellent for early winter use.

No. 2396, Pkt. 10 cts.

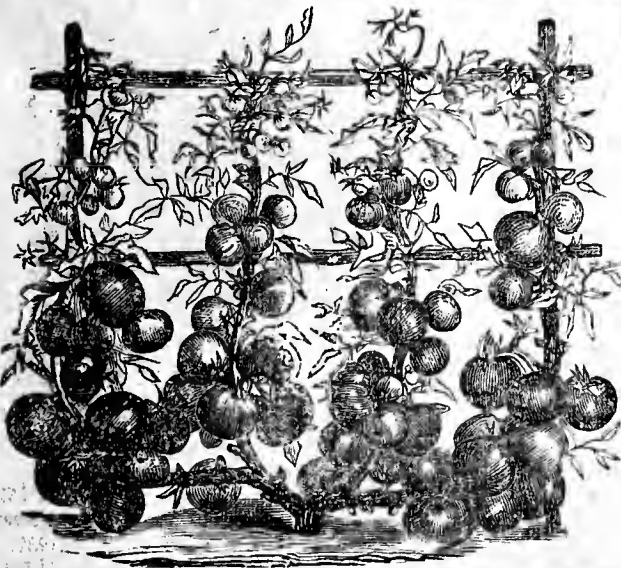

Ever Bearing "VIGOR VINE" TOMATO

Continual Cropper Until Late Fall

The vine of this new plant grows 10 to 12 feet high when staked, with a yield of 2 or 3 times the ordinary tomatoes. On test plantings made by originator a yield of 28¼ tons per acre was achieved. The fruits are globe type, smooth and of true even color. Plant "Vigor Vine" and literally make two tomatoes grow where one grew before.

No. 2398, 20 cts.

GOOD LUCK GARDENS, PARADISE, PA.

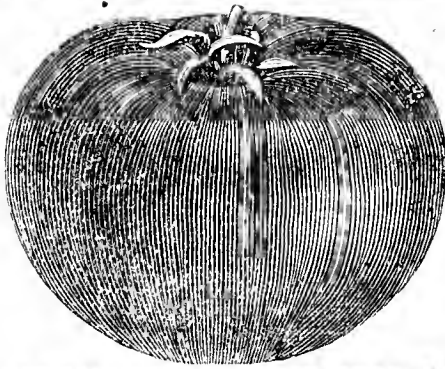

EVERY FOURTH PACKET IS FREE

Earliana Tomato

Selected "Good Luck" Variety

This Extra Early Strain produces smooth, bright red and firm fruit of good quality; medium size. The vines are compact in growth, with stout jointed branches. Fine for home gardens or for market gardening.

No. 2399, Pkt. 10 cts.

Pencil Pod Black Wax Bean

Stringless—Tender—Brittle

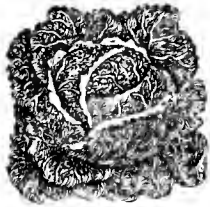

Without a doubt the very best of the black seeded dwarf bush wax beans. The pods are golden yellow, 6½ to 7 inches long and round like a pencil. Because of their hardness they can be planted earlier than most others, rewarding you with early, absolutely stringless, fine grained, tender beans in 50 days.

No. 2400, Pkt. 10 cts.

Improved American Savoy Cabbage

Densely Crumpled Leaves

This is the finest of the Savoy type cabbages. One of the most delicious of vegetables, having a sweet flavor entirely different from ordinary cabbage. The round heads are solid as a ball and very heavy.

The densely crimped leaves enclose the tender, sweet light green heart. Will keep all winter.

No. 2401, Pkt. 10 cts.

Houser Celery

Special Holmes Strain

Most Delicious of the Nut-Flavored Types

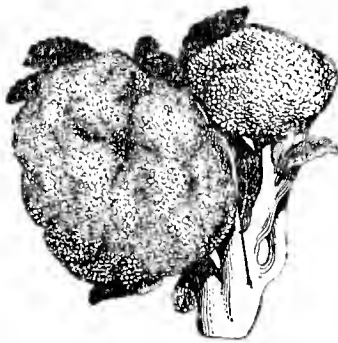

Even better than the well known Emperor Celery, of which it is an improvement, this specially developed strain is by all odds the finest fall and winter celery in the world for home gardens. The stalks are short and stocky, thick, crisp and entirely free from all stringiness or fiber. Plant Houser and you will be assured of a supply of this distinctly nut flavored, tender, crisp, juicy celery all winter long.

No. 2402, Pkt. 20 cts.

Italian Green Sprouting Broccoli--Calabrese

Rapidly Gaining in Popularity

Here is one of the newer vegetables that should be in every home garden. As easily grown as cauliflower but considered by many much better and more tasty. The cauliflower-like bluish-green heads are ready in about 90 days and can be served as cauliflower-

er or asparagus. Be sure to try this new vegetable in your garden this year.

No. 2403, Pkt. 10 cts.

New Zealand SPINACH

While not a member of the true spinach family, the leaves, when prepared for the table, so much resemble the ordinary types that most people cannot tell the difference in either flavor or appearance. The leaves being very brittle and fleshy are of the very finest quality when cooked. An excellent "spinach" to grow in home gardens where the regular types do not do well.

No. 2404, Pkt. 10 cts.

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

YARD LONG BEAN

MAKES PEOPLE STARE

So called from the length of its pods. An interesting curiosity. Vines are strong growers and produce an enormous crop of long, slender, round pods 3 feet or more in length. Excellent for Snap Beans. **No. 2038, Pkt. 10c**

OX HEART CARROT

A REALLY GREAT DELICACY

Chosen from all the varieties as being the best all-round Carrot. Very early variety. Grows well in shallow soil and yields heavily. Handsome in appearance and of good size, they produce a wonderful quality of bright orange, fine-grained, sweet Carrots. Grow about 5 inches long, stump-rooted, very smooth, and easily pulled. Keeps well in storage, holding its quality well, and is in addition a heavy yielder. Persons who do not like carrots have never tried them when young. Grow your own—pull them when half grown; experience the pleasure of a true delicacy. **No. 2041, Pkt. 10c**

SAVE YOUR SPACE

GROW CLIMBING CUCUMBER

Here's a Cucumber which saves your garden space by vigorously climbing any fence, pole, trellis, bush, arbor or tree you may put it near. The climbing habit enables the fruit to grow perfectly straight, 12 to 18 inches long. The flesh is white, crisp, tender and delicate flavor. The small and young Cucumbers make attractive pickles. One hill will keep a good-sized family supplied all summer. They begin to bear early and continue to produce fruit through out the season. A light soil is preferable but they succeed in any garden soil with good drainage. **No. 2045, Pkt. 10c**

size, often attaining a weight of 20 pounds. Skin is pinkish white, flesh solid, firm and brittle. Mild as an apple and superior to the most delicate spring Radish. Thrives in any soil. Don't fail to plant this Radish. Every one will be delighted. **No. 2058, Pkt. 10c**

GIANT RADISH

One of the greatest curiosities ever grown in the garden. Attracting considerable attention on account of their monstrous

RED BIRD POP CORN

**DEEP RED KERNELS
POPS WHITE**

Heavy cropper and good popper. Grows 6 feet high and averages 3 to 4 ears to a plant. These ears are often 6 inches long, covered with large, rice-shaped kernels of deep red color, which, when popped however, is perfectly white. So tender and delicious it fairly melts in your mouth.

Plant some Red Beauty, remembering the pleasure it will give you. **No. 2065, Pkt. 10c**

MUSTARD

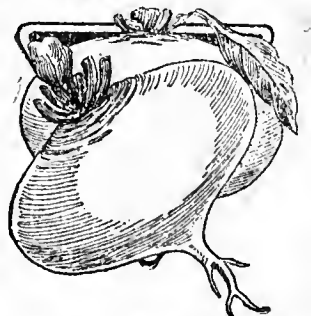

THE "DIFFERENT" GREEN

A plant most of your neighbors won't have. Produces leaves of a pleasant, pungent flavor, which are exceptionally appetizing when served as salad. Also delicious when cooked as greens. The Chinese claim it valuable as a preventive medicine. The leaves are exquisitely crimped, ruffled, and frilled. Ready for use six weeks after sowing and will continue to yield until frost. **No. 2036, Pkt 10c**

FLAT DUTCH TURNIP

This excellent early garden variety is one of the choicest and finest pure white Turnips you'll find anywhere. You'll notice the difference between these and common sorts the first time you taste them. The roots are of medium size, flat, sweet and tender. Especially fine for table use. Mature very early. **No. 2046, Pkt. 10c**

"Guide To Successfully Growing 'Good Luck' Flowers and Vegetables," mailed with every order at no extra cost.

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

EXTRA EARLY ALL PURPOSE CUCUMBER

The all-purpose favorite. Great for home use, fresh or pickled. Enormously productive and satisfactory in every respect. The fruits are regular in outline, uniform in size, straight, and of a rich dark green color. Flesh is white, crisp, and solid, with very few seeds. Sets fruit earlier than most other varieties.

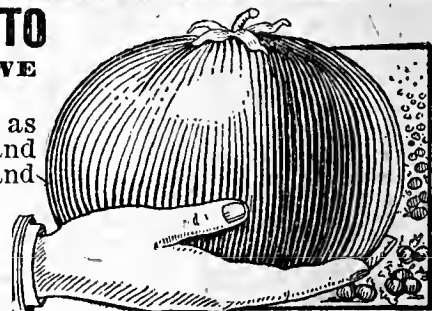

No. 2032, Pkt 10c.

GIANT CRIMSON TOMATO

BY ALL ODDS THE LARGEST WE EVER SAW

Some of these tomatoes weigh as much as 3 pounds. The fruit not only grows so very large and in abundance but has a delicious meaty flesh, fine-grained and with few seeds. Unsurpassed for slicing, or canning.

No. 2017, Pkt 10c

SELECT GRAND RAPIDS

(LOOSE-LEAF CUTTING LETTUCE)

An excellent loose-leaved variety which forms no head but produces an enormous crop of slightly closely crumpled bright green leaves which remain sweet and brittle, even when old. On this account keeps crisp and tender, without wilting, longer than any other variety. The flavor is delicious. Grand Rapids can be used to advantage where heading varieties do not succeed.

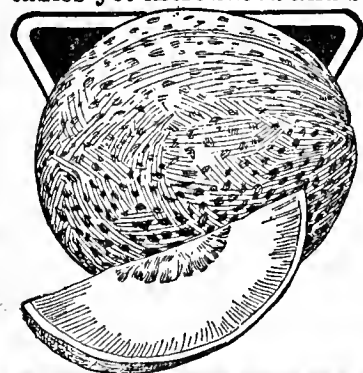

No. 2040, Pkt 10c.

CHINESE CABBAGE

A RARE DELICACY

A most delicious vegetable which combines a rich celery flavor with that of Cabbage. Has large leaves of a light green color and thick pure white tender stocks and heart. Can be cooked or eaten raw. Makes a good salad as the finest head lettuce. Can be cooked like asparagus and for slaw no Cabbage compares with it. One of the most delicious vegetables yet introduced and bound to become most popular.

No. 2033, Pkt 10c.

HONEY GEM MUSKMELON

EARLIEST VARIETY GROWN

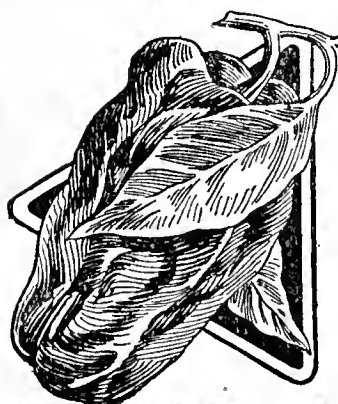

A red-fleshed melon finely grained, with a characteristically rich and spicy flavor which when once tasted will never be forgotten. A tough, thin rind, well-arched ribs, covered with closely laced gray netting. Flesh of reddish orange, very thick and meaty. The vines are vigorous, healthy, and produce liberally, providing melons for the whole family.

No. 2044, Pkt. 10c

BULL NOSE

THE PERFECT PEPPER

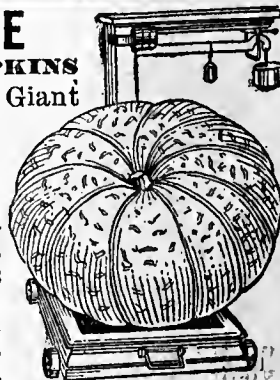

A perfect sweet Pepper for home use. Can be served in salads, or preserved. The Bull Nose is a large, bright red variety with thick flesh of mild flavor. Fruits early. The Plant is vigorous in growth, of stocky nature, seldom more than 2 feet high. **No. 2050, Pkt. 10c**

JUMBO PRIZE

THE KING OF PUMPKINS

This world-beating Giant Pumpkin astonishes everyone by its mammoth size and heavy weight. Think of it. A single pumpkin weighing 300 pounds. Always a prize-winner at fairs because in addition to its enormous size the meat is tender and deliciously flavored, excellent for cooking, and fine for pies.

No. 2052, Pkt. 10c

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

Good Luck Bountiful

Stringless Green Pod Bush Bean

Our newest variety—a dwarf green-podded snap-bean. Heavy and continuous bearer. **The first to bear in the spring and the last to give edible pods in the fall.** Pods are rich green, of enormous size, broad, thick and of uniform shape. Good all summer and can be shelled when dry for winter use.

No. 2103, Pkt. 10c.

Gentlemen: I have planted and grown your seed and found everything wonderful. We tested them and every seed came up. I will always patronize the Paradise Seed Co. Mrs. J. C. Fleming, R.-15, Fairmont, W.Va.

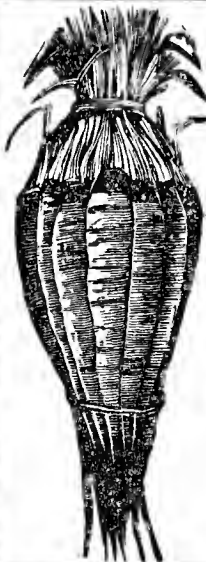

Wonderful Blue Hubbard Squash

Splendid for Pies

The size and shape of the old Hubbard but clear, blue green in color. **The combination of sweetness, dryness and delicious flavor is something really remarkable.** A productive variety of the foremost quality. Splendid for pies and an excellent keeper. Surprise your friends with this extraordinary discovery.

No. 2105, Pkt. 10c.

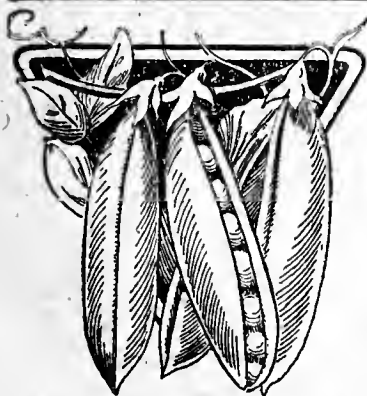

Vegetable Oyster

Be Sure to Grow Some This Year

One of the most delicious and nutritious of vegetables. It surpasses both parsnips and carrots for table use and after it gets a good frosting has a decided oyster flavor. Can be used in soup. Also fine if breaded and fried like oysters, or boiled and made into fritters. Perfectly hardy and can remain in the ground all winter.

No. 2114, Pkt. 10c.

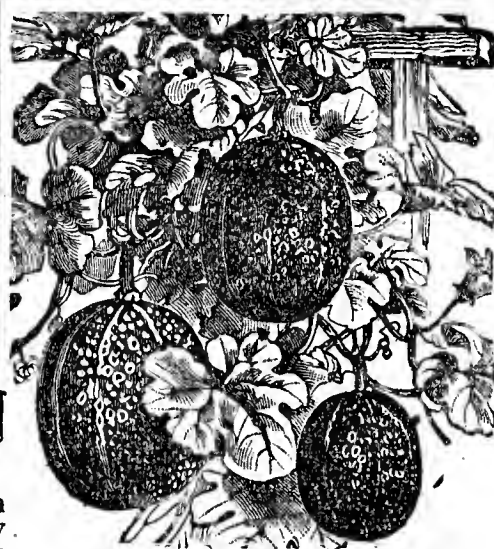

Lucky Marvel Dwarf PEA

A Superb Extra Early Dwarf Wrinkled Pea

The "Lucky Marvel" should be in every garden. Although the pods are only 2½ inches in length they are well filled with 6 or 7 large luscious, sugary, deep green peas. **The "Lucky Marvel" is highly productive and as the vine is of vigorous growth even when loaded**

keeps the pods well off the ground; needs no support. This pea just seems to keep on forming, making and growing pods and peas "for dear life." One highly desirable trait is that these peas retain their freshness longer than most early peas. Cannot be too highly recommended.

No. 2107, Pkt. 10c.

New Climbing WATERMELON

Ideal as Space Saver for Small Gardens

Will climb any trellis or fence, but may also be grown on the ground like other varieties. The vines are very vigorous in growth, nearly concealing the fruit. **They start to bear very early and continue right on through the season;** unlike most melons which ripen all at one time. The fruits are about the size of a cocoanut and weigh 4 to 6 lbs. The flesh is exceptionally sweet.

No. 2111, Pkt. 15c.

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

Giant "China-Long" CUCUMBER

A New Extremely-Long, Almost Seedless Variety

From far-off China comes this new wonder cucumber. The fruits of the "China-Long" are perfectly straight and **average 20 inches in length**. The skin is a beautiful dark green, the thick flesh a handsome white. It is **crisp, juicy, and of most delicious flavor**. The fine, large fruits are splendid for slicing, but if picked when small make tasty little pickles. Here is a variety for the Boys and Girls to grow for the County or Agricultural Fairs. It creates amazement wherever shown.

No. 2119, Pkt. 10c.

"Snowball Express"

Cauliflower

Earliest in the World

This is the most valuable cauliflower development of recent years. **The heads will mature two weeks ahead of the other Snowball strains**. Very white. *Sure to head*. Quality superb. Cannot be too highly recommended.

No. 2118, Pkt. 15c.

Improved Long Island BRUSSELS SPROUTS

An Epicurean Delicacy

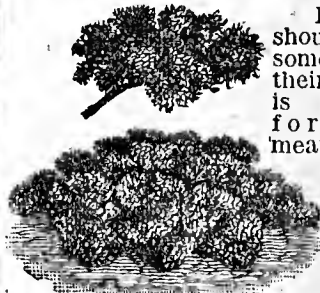

By all means plant some of this dwarf type Brussels Sprouts. Raise them the same as late cabbage. The stalks which grow to a height of 20 inches are completely covered from top to bottom with from 50 to a 100 of the daintiest miniature cabbages imaginable, more tender and delicious than any member of the cabbage family. Perfectly hardy, early frost improves them. May be used in the North until Christmas.

No. 2121, Pkt. 10c.

Champion Moss Curled PARSLEY

Ideal for Garnishing

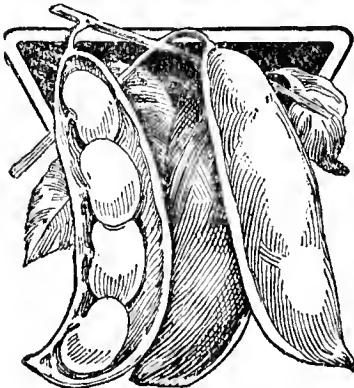

Every person should have some Parsley in their garden. It is unsurpassed for garnishing meat dishes, flavoring soups and other dishes. This variety is best for home or

market use. *Densely crimped and curled; of the richest and most intense beautiful green*. This strain is without a peer.

No. 2117, Pkt. 10c.

"IMPROVED" Bush Lima Big Fat Beans

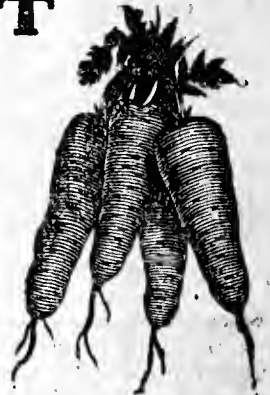

This is conceded to be the best of the large seeded bush lima varieties. The strong upright bushes withstand rain and winds to a remarkable degree. The pods are about 5 inches long and contain 4 to 5 magnificent, fat, tender, melting-sweet beans of chestnut-like flavor. Even where the summers are short because of its quick

growth the "Improved" will mature very nicely. You will make a mistake if you fail to plant some this year.

No. 2128, Pkt. 10c.

Good Luck "Coreless" CARROT

A carrot that can be eaten raw with as much relish as an apple. The rich, red-orange flesh possesses a sweet melting tenderness that appeals even to those who otherwise are not fond of carrots. The shape is blunt at both ends and about 6 inches long. Matures two weeks earlier than the next earliest carrot. We highly recommend the "Coreless" for home use, either young or full grown.

No. 2140, Pkt. 10c.

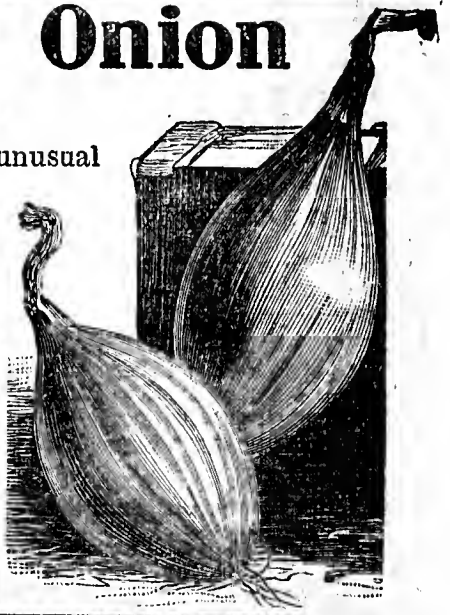

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

Good Luck Bottle Onion

Superb Mild Flavor

This is an onion of unusual merit, unusual shape and unusual flavor. An onion that leaves no onion "after-effects." **The Good Luck Bottle Onion has a superb flavor that cannot be equaled by any other variety.** It is delicate and delicious beyond compare. For mildness it surpasses even the Sweet Spanish types. Ideal for kitchen and table use. **No. 2112, Pkt. 15c.**

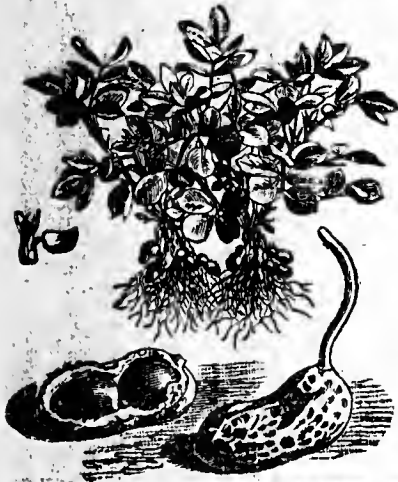

Early Spanish PEANUTS

Can Be Raised North or South

These peanuts are easy to grow and a very interesting addition to the home garden. This is the earliest of all varieties, and will mature in all Northern States. **The nuts are very sweet and used largely as a substitute for almonds.** The pods are small but remarkably solid and well filled with nuts of the finest quality. Plant some this year. **EARLY SPANISH. No. 2120, Pkt. 10c.**

MAMMOTH JUMBO PEANUTS. The regular commercial variety. Do best in southern states. **No. 2138, Pkt. 10c.**

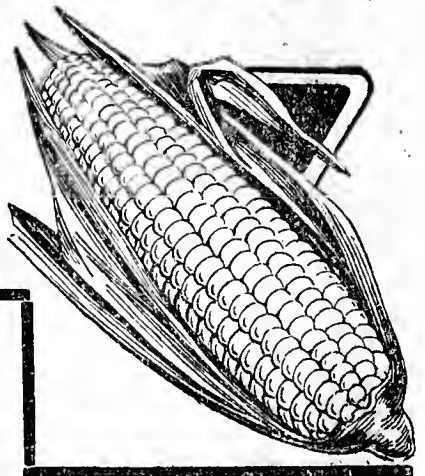

Stowell's Evergreen

Sweet Corn

Standard All Around Variety

This is the best known and the best beloved of all sweet corns. **The white, sugary, deep set, tender kernels are of excellent quality.** Splendid for canning. This old time favorite is highly prized for its easy keeping qualities. **No. 2115, Pkt. 10c.**

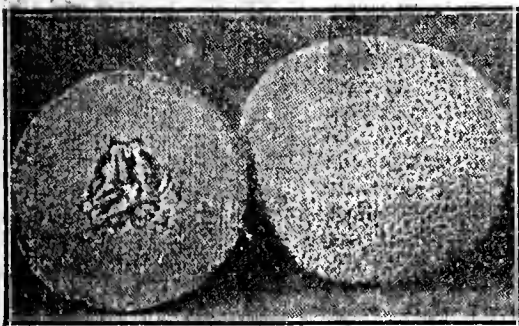

Paradise "Sugar Rock"

The New Muskmelon Sensation!

THE KING OF MELONS

This extremely delicious melon is an outstanding introduction and is as its name indicates: **SWEET AS SUGAR, SOLID AS A ROCK.** Here is an entirely new and distinct melon that has won its way because of its wonderful sweetness. **The flesh is deep and thick, with a honey-like luscious flavor that has no equal.** Plant some "Sugar Rock" and your garden will be the envy of all of your neighbors. Our supply of this seed is limited. Order today.

No. 2124, Pkt. 15c.

Note extreme thickness of the flesh.

Gentlemen: I wish to thank you for the wonderful new vegetable seed you sent. I found them just as you described. I made delicious puddings and pies and I would be pleased to send anyone my own recipes which I used in making tempting dishes of this vegetable marvel. Mrs. J. E. Hunsinger, Wellford, S. C.

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

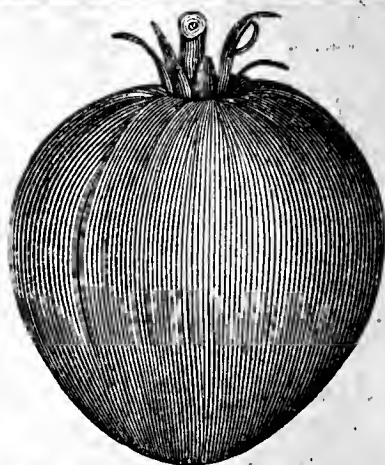

PARADISE GIANT

"Lucky Heart" TOMATO

An Unusual Tomato—Delicious as it is Beautiful

No more beautiful tomato was ever grown than the "Lucky Heart." The skin is a handsome pink and so smooth that the fruits appear to be highly polished. The heart-shaped fruits are almost seedless; frequently the flesh is two inches thick without the trace of a seed. This makes the "Lucky Heart" a **solid, heavy tomato of delicious mild flavor so desired by every lover of this fruit.** For giant tomatoes plant the "Lucky Heart." *Outdo that neighbor who has been boasting about his big tomatoes.* Lucky Hearts weigh 2 to 3 lbs. each and have been known to weigh up to 5 lbs.

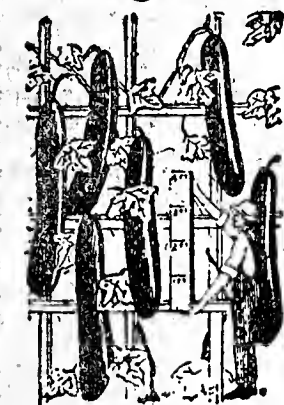

No. 2122, Pkt. 20c.

Gigantic Tasmamian

Butter Fruit

An Edible Curiosity

This imported curiosity produces fruits 2 to 4 feet long, can be fried like egg plant, is delicious stewed and fine for pies. **Once known you will not be without it.** The fruits grow on a vine similar to squash but are much more vigorous in growth. If

given support the vines will climb, causing the fruits to be straight and symmetrical. These Butter Fruits have the finest flavor if used when young, while they weigh from 5 to 8 lbs.

No. 2129, Pkt. 10c.

Serpent CUCUMBER

Delicious for Slicing

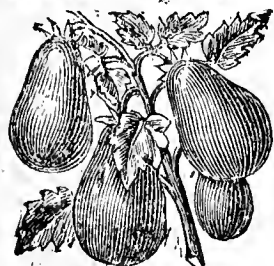

The long, slim fruits of this Cucumber coil into most realistic shapes, resembling, for all the world, green snakes. **If picked when young they are splendid for slicing.** For exhibition purposes pick off all but one on a vine; they oftentimes grow to six feet in length.

No. 2125, Pkt. 10c.

SMALL FRUITED TOMATOES

Red and Yellow Pear

These small fruited Tomatoes are used for making preserves and for pickling. All the varieties offered are unusually sweet and *may be dried in the sun and packed in sugar, making an excellent substitute for figs.*

Red Pear, No. 2130, Pkt. 10c.

Yellow Pear, No. 2131, Pkt. 10c.

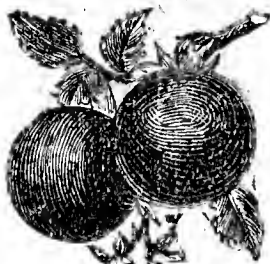

RED & YELLOW CHERRY

TOMATOES

These Cherry Tomatoes may be used the same as the Pear Tomatoes described above and make an interesting addition to the garden.

Red Cherry, No. 2132, Pkt. 10c.

Yellow Cherry, No. 2133, Pkt. 10c.

GROW SOME DOMESTIC

Coffee Berry

At Less Than 1c Per Pound

As easy to grow as beans, and the best coffee substitute ever discovered. *This is a pure food health drink, good for young and old.* And most productive.

Can be easily grown in any climate, even in the Northern States. If you suffer from store coffee determine now to raise some of this new domestic coffee substitute. Some of our friends mix this domestic coffee with the imported and claim it makes a beverage of unexcelled flavor. We send complete directions for use with each packet. **No. 2123, Pkt. 10c.**

GOOD LUCK GARDENS, PARADISE, PA.

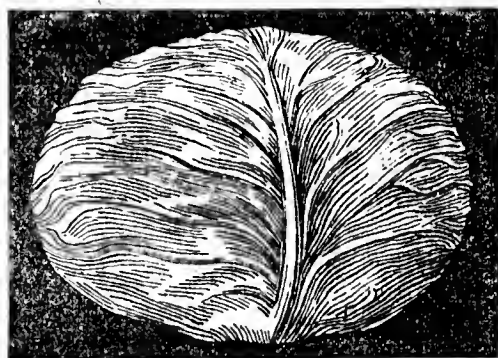

EVERY FOURTH PACKET IS FREE

PENN STATE

BALLHEAD CABBAGE

AWARD OF MERIT WINNER

Dr. Myers of Pennsylvania State College developed this heavy yield short stemmed cabbage. Crops as high as twenty-six tons per acre have been recorded. The almost coreless heads are hard and tight and place this variety in a class by itself as a good keeping winter cabbage. **No. 2405, Pkt. 15 cts.**

Erect Growing Cos or Romaine LETTUCE

Self Closing

Quite distinct from other varieties, this upright growing lettuce is considered by many the very best. This is a strictly self closing type and does not need to be tied up for blanching like some kinds of Cos Lettuce. Earlier than the rest, crisp and tender headed. **No. 2406, Pkt. 15 cts.**

Mrs. Clarence L. Best, Falls Church, Va., writes:—I was well pleased with your seed last year.

Green Curled ENDIVE

Can be grown all season but used by many gardeners as one of the most refreshing of the fall and winter greens. The large circular plants often grow 15 ins. in diameter, are rich green in color but blanch to a beautiful creamy white. This green curled endive has piquant agreeable flavor. **2407, Pkt. 15c**

Glowing Ball RADISH

It took the originator 5 years to develop this remarkable radish. The bright scarlet of this inch in diameter round radish is so very bright it almost glows. Excellent either for greenhouses or outdoors. This radish with its silky skin received the highest rating in "All American" vegetable selections this year. **No. 2409, Pkt. 15 cts.**

Geneva King, Leicester, N. C., writes:—Was glad indeed to get your seeds. We have used them longer than 10 years we always find them to be just what you recommended them to be. I always praise your seeds.
Stanley Ring, Havelock, Nebr., writes:—I love your seeds very much. They grow such lovely fruits and vegetables.

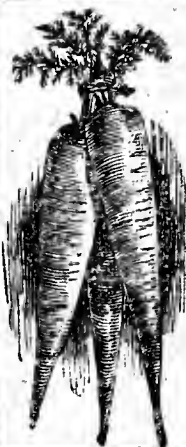

Wallace Aldrich, Putman, Conn., writes:—I wish to thank you for the fine results of the seeds that I planted from your house. My sweet corn was 9 feet tall and of the very best, in size and sweetness.

Mrs. A. W. Cottam, Pawtucket, R. I., writes:—Please send me your latest free catalogue of Good Luck Seeds. We bought some seeds from you last year and were very well satisfied with them and would like to order some more.

Witloof CHICORY

"French Endive"

This appetizing and delicious salad is properly becoming better known. Easily raised. The seed produces roots which in the fall are placed in the sand in the warm cellar. The tender white sprouts that shoot up will give you an abundance of tempting salad all thru the winter. **No. 2410, Pkt. 10 cts.**

Rich Orange Colored Imperator CARROTS

Free of Core & Fiber

Here is truly a modern carrot. While it was developed as a commercial sort to furnish the maximum yield off a given area yet its rich color and freeness from fiber and core make it most desirable for home use. In shape it is elongated and almost cylindrical for the first six inches, gradually tapering to a graceful point. **2411, Pkt. 15 cts.**

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

NEW WONDER VEGETABLE "Squaghetti" or Noodle Plant

**Amazes All
Spaghetti On A Vine!**

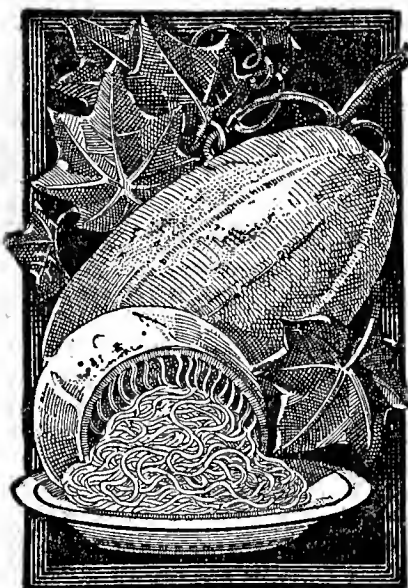

In Nature's Own Package

Untouched by Human Hands

Down goes the cost of living! Delicious new plant from Persia. A favorite of the ancients. Costs but little to produce. Makes your mouth water. Grows like magic. Eight to ten to a vine. Good to look at. Better still to eat. Can be served hot with browned butter and bread crumbs, or cold with salad dressing or mayonnaise. Each one the size of a cocoanut—AND FULL TO OVER-FLOWING WITH DELICIOUS VEGETABLE SPAGHETTI. Easy to raise. Full cultural directions sent with each packet.

No. 2043, Large Pkt. 25 cts.

NOTE: When the skin of the Spaghetti Vegetable gives more than ordinary resistance to pressure from the thumb nail you know it is ripe, regardless of color. Some of the vegetables are Golden Yellow. Some are Green and still others are Green and Yellow striped, depending on soil and cultivation. But the contents are always the same—always chock full of delicious Vegetable Spaghetti.

WHITE WONDER CUCUMBER

Imagine, if you can, a pure white Cucumber—snow-white in color from the time it begins to set. Fruits are uniform in shape and size (about 8 inches long). Begins to bear early and continues late. Pleasing flavor with flesh fine and crisp. Excellent sliced for salads or an ideal novelty mixed in a can with green pickles, exciting pleasing curiosity. Plant some and surprise your neighbors.

No. 2037, Pkt. 10c

ALMOND NUTS

(300 from one)

Think of raising nuts without a tree. These plants grow close to the surface and are very prolific. A plant often yields from 200 to 300 nuts. They have a thin shell, covering snow-white, delicious meat which has a sweet flavor very much resembling an almond. Children love them. They do well in every soil. Plant like potatoes and harvest the same time.

No. 2035, Pkt. 10c

VICTORIA SPINACH

A healthful and delicious summer vegetable, often prescribed by doctors instead of medicine. We offer a grand new variety of Spinach which it will pay you to raise. It grows thick and broad to a height of 2½ inches, with short-stemmed, dark green leaves which are somewhat curled and crumpled, large, thick, and fleshy. Delicious when served in same manner as asparagus.

No. 2031, Pkt. 10 cts.

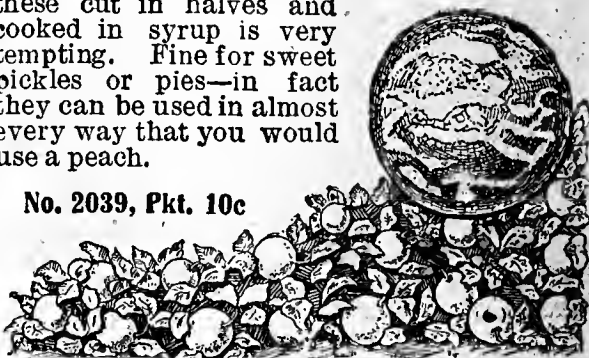

We will be glad to send our catalogs to any of your friends; just give us their names when you send your order.

PEACHES FROM VINES

Ripe Fruit in 80 days

They resemble oranges in color, shape, and size, but grow like melons on a vine. Make delicious preserves. A jar of these cut in halves and cooked in syrup is very tempting. Fine for sweet pickles or pies—in fact they can be used in almost every way that you would use a peach.

No. 2039, Pkt. 10c

GOOD LUCK CARDENS, PARADISE, PA.

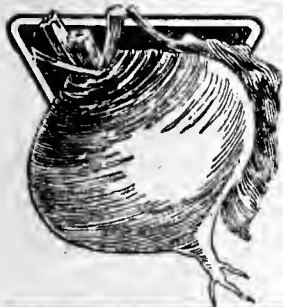

EVERY FOURTH PACKET IS FREE

Paradise Green Stringless

The New, Completely Stringless Snap Bean

Fifty-one days from the day you plant this new Wonder Snap Bean you will be able to place them on your table. And **a more highly flavor, tender, attractive light green bean you never tasted.** The pods are $5\frac{1}{2}$ to $6\frac{1}{2}$ inches long, nearly straight, round, **absolutely stringless** and fibreless, smooth and fleshy. A better home garden snap bean for table and canning cannot be found. Be sure to plant "Paradise Green" this year.

No. 2126, Pkt. 10c.

Delicious Improved Purple Top American Rutabaga

Hardy—Productive—Sweet—Solid—Globe-Shaped

Rutabaga, sometimes called Swedes, are now more generally used for the table than turnips. The Purple Top American is the most desirable from every standpoint. **It is the sweetest, largest, best looking, biggest cropper, easiest to harvest. The best keeper.** The flesh is fine grained, golden yellow, mild flavored, solid and sweet. Try some.

No. 2139, Pkt. 10c.

Good Luck Honeydew

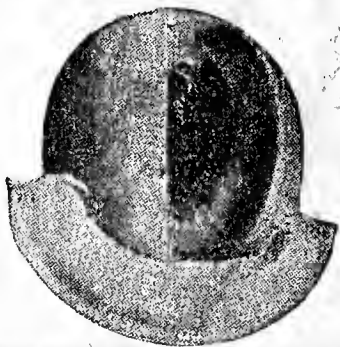

The New Sensational Green Fleshed Melon

A South Sea Island Casaba crossed with a Colorado Honey Gem gives us this marvel melon. The fruits are large and nearly round, smooth of skin, light cream colored. **The flesh is thick, light green, rich, spicy-sweet, and of distinctive flavor, unlike that of any other member of the melon family.** Once eaten they become a habit. Honey Dews, if planted in the North, should be started in hotbeds to give them plenty of time to ripen. This succulent melon should be in every garden.

Good Luck Honey Dew. No. 2134, Pkt. 10c.

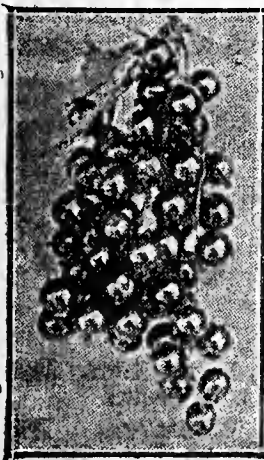

GOOD LUCK HONEY BALL. A small edition of the Honey Dew. Really a cross between the above melon and Texas Cannon Ball. Perfectly round. Very sweet, yet retaining some of the spice of the Honey Dew.

No. 2135, Pkt. 10c.

Garden HUCKLEBERRY

From Seed to Berries Same Season

You will be more than pleased with this annual Wonder Berry. They are very prolific and will grow and thrive in any climate. **Berries are large, about an inch in diameter, shining black in color.** They should be fully ripe before using but will remain on the plant fully two months after they ripen. Unexcelled for pies or preserves. Cooked with apples or lemons they make fine, tasty jelly. Here is a garden surprise that

will delight you.

No. 2127, Pkt. 10c.

DWARF GREEN CURLED Scotch Kale

For Winter and Early Spring Greens

Kale should be more widely used in this country, furnishing, as it does, excellent greens for winter and early spring use. Easy to grow. A member of the cabbage family. This variety gives, by far, the best all around satisfaction. The low growing, compact plants have deep green, finely curled foliage. In the North sow in early spring and late Aug. In the South from Aug. to Oct. 15. **No. 2144, Pkt. 10c.**

GOOD LUCK GARDENS, PARADISE, PA.

EVERY FOURTH PACKET IS FREE

New Asparagus SQUASH

An Introduction of Exquisite Flavor and Tenderness

Does not grow on a vine but on a compact bush. 4 or 5 hills will keep a family supplied all summer with the best squash they ever tasted. The fruits can be used any size but to obtain the real delicate "asparagus-like" flavor they should be picked when about 4 to 6 inches long, quartered (without peeling) and served like asparagus. They are delicious, too, fried in butter, prepared like French fried potatoes or used as the common varieties. The fruits form rapidly, and if kept picked when small will keep your family supplied until fall with these dainty, tender squashes.

No. 2145, Pkt. 15c.

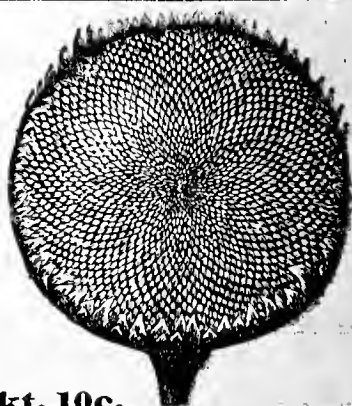

Mammoth Russian SUNFLOWER

Single Heads 12 to 20 Inches Across

Can be grown anywhere, in places where other crops fail to make a stand. A small planting will produce a great quantity of the best egg producing food you can find for your chickens. The stalks

make good kindling. If you have any unsightly corners or fences to hide here is the ideal plant for this purpose.

No. 2136, Pkt. 10c.

Giant SWORD BEAN

A Japanese Importation of Great Merit

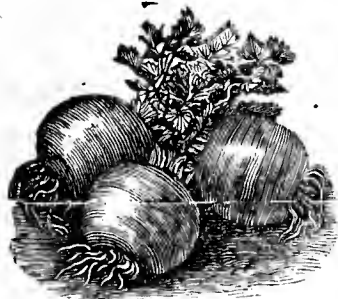

An annual climber that will grow rapidly in any climate. A large handsome bean that is quite excellent for baking. The pods, when fully matured, measure 10 inches long and two inches wide. They are most tender and delicious when about half grown, and can be used as any other bean. Here is a wonder vegetable you should try.

No. 2141, Pkt. 10c.

All seeds listed in this Catalog are SENT POSTPAID TO YOU. No extra charges to pay for delivery of any Good Luck Seeds.

GIANT PRAGUE CELERIAC

Turnip Rooted Celery

Use the roots instead of the tops of this "different" celery. As easy to grow as celery and it requires no blanching. The large, thick roots are the edible portion, and are richly flavored, tender and meaty. Can

be boiled as turnips, used for flavoring stews and soups, or if boiled and served cold with mayonnaise or French dressing it makes the best salad imaginable.

No. 2137, Pkt. 10c.

WHITE AND PURPLE VIENNA Kohl-Rabi

Turnip Rooted Cabbage

You do not need to be fond of vegetables to like Kohl-rabi. The sweet, fine-grained flesh is second only to cauliflower in delicacy of flavor; can be prepared the same way. No garden should be without this tasty vegetable.

Early White Vienna. No. 2142, Pkt. 10c. Extra early, white bulbs tinged with green.

Early Purple Vienna. No. 2143, Pkt. 10c. Same as the white except the skin, which is purple. Better for late planting. Stands heat better.

Write Us About Your Favorite Flower

Why not GET ONE OF THESE BIG CASH PRIZES?

A Fascinating Contest for Flower-lovers Who Can Express Their Preference in Written Words

\$200.00 IN CASH PRIZES---S U R E

Can Be Three Times That Amount

(Triple Prize Offer Fully Explained in Conditions of Contest Below)

Everyone has a favorite flower. What is yours?

We want some interesting letters about favorite flowers and may use them in a book we expect to publish, but at any rate we are willing to **PAY LIBERALLY FOR THEM.**

We seek 24 such letters. They will be judged not on penmanship nor on appearance—but upon the interest you can put into them, and the real love you show for the flower you select.

COULD YOU USE THIS CASH?

First Prize at least \$50 cash

Second Prize . . at least \$25 cash

Third Prize at least \$15 cash

Fourth Prize . . . at least \$10 cash

20 additional prizes at \$5 each

You will note we say "at least \$50", "at least \$25," etc.
(Why?)

Read the conditions below and you will understand.

Comply With These Easy Conditions

This contest is open to all Good Luck Garden Customers who order at least \$2.00 worth of Good Luck Seeds **AT ONE TIME.**

That qualifies you and you may write one **OR MORE** letters in the Contest. Keep the length of the letters to about 200 words. Write which is favorite flower and why. Contest Certificate is enclosed with every \$2.00 worth of seeds ordered.

If you simply have bought **ONE ORDER** at \$2, and win the first prize you get \$50.00 in cash. But if through the season you have bought two **ORDERS** of \$2 each, or more (or if one order amounts to \$4 or more) the prize is doubled. You would then receive \$100.00. If you bought \$6 worth (in 3 lots of \$2 each, or one order) the prize is tripled, that is \$150.00. The triple prize is, however, the limit.

The same applies to the Second, Third, and Fourth Prizes, which thus would be either doubled or tripled according to the amount you have bought. **REMEMBER,** a *Contest Certificate is enclosed with each \$2 worth of seeds ordered.*

SPECIAL—If you get us a **NEW** customer who buys at least \$2 worth of seeds, both you and the new patron will receive a Contest Certificate. This person must never have patronized or even written to us before.

In sending in your letter or letters, always pin the Contest Certificate or Certificates to same, so as to prove you are entitled to the doubled or tripled prize should you win. **ENTRIES MUST BE POSTMARKED ON OR BEFORE MAY 30th, 1934.**
